Re: **Dural™ 452 MV** – LEED™ Product Information

To Whom It May Concern:

Euclid Chemical, as a company, is committed to quality, responsive to internal and external customers, our employees, our community and environment, and we will treat all with respect and good stewardship.

Dural 452 MV is manufactured in **Kirkland, IL**. If **Kirkland, IL** falls within a 500-mile radius of the project site, the product is considered to be a locally produced material and can help contribute to earning (MR) Regional Materials Credit.

Dural 452 MV does not contain any recycled materials of any kind.

The mixed VOC content of Dural 452 MV based on ingredients is 104 g/L.

No single extracted material is used to produce the majority of this product. Additionally, all raw materials come from one of several sources which in-turn come from one of several raw material feed stocks. As such, point source for the raw materials cannot be determined.

If you have any further questions please contact technical support at 800-321-7628.
