Patterns and Textures

Second only to nature

Increte stamped concrete is extremely popular, because it replicates the beauty of nature at a fraction of the cost of natural materials. With over 100 patterns and 900 color combinations, the possibilities are unlimited whether you are blending with surrounding landscape elements or creating a unique, one-of-a-kind appearance. By applying special coloring effects to the surface, patterns come to life with realistic color and texture variations. Creative and complex designs bring interest to otherwise bland concrete. Sealing stamped concrete not only intensifies the color but increases protection against weather and wear. Increte stamped concrete is a sturdy, durable, easy-to-maintain surface with superior longevity when compared to conventional concrete or pavers. Beautify any driveway, walkway, patio, deck, shopping center or courtyard with the Increte stamped concrete system.

Increte stamped concrete transforms gray, standard concrete into a work of art. Natural-looking color variations and patterns enhance and beautify residential, commercial, civic, and municipal decorative projects around the world. The unique system duplicates nature's texture with incredible realism and excellent durability.

Ideal for: Driveways | Sidewalks | Entryways | Patios | Pool Decks | And more!

AN ENGINEERED SYSTEMS APPROACH

PRODUCT	DESCRIPTION	QUANTITY	COVERAGE
COLOR-CRETE INTEGRAL COLOR	Liquid and powder forms available in 35 standard colors. Provides intense, uniform color to concrete. Custom colors are available.	<i>Liquid in 1 yd³ (0.7 m³) increments</i> <i>Powder in 1.5 & 25 lb (0.45, 2.2 & 11.3 kg) weights</i>	
COLOR HARDENER	Ready-to-use, dry-shake surface hardener for coloring and hardening freshly poured concrete. Available in 30 standard colors.	60 lbs (27.2 kg)	70-100 ft² (6.9 m ²)
ANTIQUÉ RELEASE	Stamp-tool release agents that enhance color and easily free stamping tools from new concrete. Available in 30 standard colors.	<i>Antique Rel.</i> 35 lb (16 kg) <i>Color Rel.</i> 20 lb (9 kg)	800-1,000 ft² (74-93 m ²) 800-1,000 ft² (74-93 m ²)
INCRETE DELAY/TROWEL GLIDE	Stamped concrete surface retardant that prevents rapid moisture loss from concrete surface.	1 gal (3.8 L) 5 gal (18.9 L)	1,000-2,000 ft² (93-188 m ²) 5,000-10,000 ft² (464-929 m ²)
CLEAR SEAL	A clear, non-yellowing, acrylic formula that will protect and enhance the appearance of concrete.	1 gal (3.8 L) 5 gal (18.9 L)	200-400 ft² (18-37 m ²) 1,000-2,000 ft² (93-186 m ²)
SHUR-GRIP	A colorless, finely-graded, non-slip additive for sealers.	1 lb. (0.45 kg) 15 lb. (6.8 kg)	1,000 ft² (93 m ²) 15,000 ft² (1,393 m ²)
