## Ceramic Coated Roofing Granules

Item Description	Item Number
White	W70RACGGWH
Black	W70RACGGBK

### Description

Ceramic coated roofing granules are made available in 50 lb (22.7 kg) metal pails.

### Method of Application

Firestone recommends that granules be applied to areas of asphalt “bleed-out” while the asphalt is still in a molten state. Areas of “bleed-out” at inside and outside corners require application of granules.

### Precautions

- Refer to Safety Data Sheets (SDS) for additional safety information.
- Minimize the amount of dust generated when applying or handling this product. Use in well ventilated area.

### LEED® Information

Post-Consumer Recycled Content: 0%

Post Industrial Recycled Content: 0%

Firestone, the brand of premier roofing, wall, and lining systems you know and trust, will be coming to you under a new name: Elevate. During our transition, products carrying the brand name **Firestone** will change to **Elevate** on product labels and packaging, Technical Information Sheets, and elsewhere. Only the brand name is changing. Our products remain the same.

For further information on our brand transition to Elevate, scan the code below with your smartphone, or visit our website: [www.holcimelevate.com](http://www.holcimelevate.com)
