

Technical Information Sheet

UltraPly™ QuickSeam™ R.M.A. Strip

Item Description	Item Number
100' (30.5 m) Roll	W56TPO30T0

Description

UltraPly QuickSeam R.M.A. Strip is a 10" (254 mm) wide UltraPly TPO membrane with two 3" (76 mm) wide strips of tape factory laminated to it along its length. It is used for roof membrane attachment beneath the UltraPly TPO membrane as additional membrane securement as specified in Elevate specifications and details.

Method of Application

1. Unroll the UltraPly QuickSeam R.M.A. Strip with the release paper up.
2. Anchor the QuickSeam R.M.A. Strip using Elevate Heavy Duty Seam Plates and Elevate HD Fasteners 12" (305 mm) o.c. per current Elevate specifications and details.
3. Position UltraPly TPO membrane over UltraPly QuickSeam R.M.A. Strip with release paper in place and allow membrane to relax.
4. Fold back UltraPly TPO membrane to expose the R.M.A. Strip.
5. Prime the UltraPly TPO in the area to be spliced to the tape using Single-Ply QuickPrime™ Primer or Single-Ply LVOC Primer, applied with QuickScrubber™ or QuickScrubber Plus pad and handle.
6. Use touch-push test to determine when primer is dry and ready to be mated to the tape on the RMA Strip.
7. Remove the release paper from the tape.
8. Roll the primed UltraPly TPO membrane onto the tape.
9. Mate the membrane using a clean QuickScrubber Plus Handle and Pad, then roll the UltraPly TPO membrane over the UltraPly QuickSeam R.M.A. Strip with a 1½" (38 mm) wide silicone hand roller to ensure proper adhesion.
10. Additional information available at Holcim's Technical Database, www.HolcimElevate.com.

Storage

- Store in original unopened containers indoors at temperatures between 60 °F (16 °C) and 80 °F (27 °C).
- Do not store on roof in direct sunlight or at temperatures above 100 °F (38 °C).
- When exposed to lower temperatures; restore to room temperature prior to use.

Shelf Life

- Shelf life of 24 months can be expected when stored in original container at temperatures between 60 °F (16 °C) and 80 °F (27 °C).
- Shelf life will be shortened if exposed to elevated temperatures.

Precautions

- Do not use UltraPly QuickSeam R.M.A. Strip with UltraPly TPO XR membranes.
- Refer to Safety Data Sheets (SDS) for additional safety information.

Typical Properties	
Properties	Value
QuickSeam Tape	
Base	Rubber Polymers
Color	White
Solvents	None
Solids	100%
Specific Gravity	98 ± 0.02 (H2O =1)
Cured State	Cured
Thickness	0.030" (0.76 mm) ± 0.005" (0.13 mm)
Width	3" (76 mm) -0, + 0.125" mm
Membrane	
Base	TPO
Color	White
Solvents	None
Thickness	0.050" (1.26 mm) ± 20%
Width	10" + 0, -0.125" (254 mm) +0, -3.2 mm)
NOTE: Refer to Technical Information Sheet for UltraPly TPO for additional information.	

Packaging	
Properties	Value
Roll	100' (30.5 m) roll
Carton	1 roll per carton

Firestone, the brand of premier roofing, wall, and lining systems you know and trust, will be coming to you under a new name: Elevate. During our transition, products carrying the brand name **Firestone** will change to **Elevate** on product labels and packaging, Technical Information Sheets, and elsewhere. Only the brand name is changing. Our products remain the same.
