LIMITED WARRANTY

THE WARRANTY

GAF Warranty Company, LLC, a subsidiary of GAF, warrants that your GAF Cornell ThermaCal[®] Wall Exterior Wall Insulation Panels "ThermaCal[®] Wall Panels" installed on your sidewalls will remain free from manufacturing defects that adversely affect their performance for 15 years after installation. GAF also warrants to you that the thermal insulation R-value of the ThermaCal[®] Wall Panels on your sidewalls will not diminish to less than ninety percent (90%) of the published R-value at time of purchase for 15 years after installation.

GAF'S LIABILITY

Subject to the limitations set forth below, GAF's sole responsibility for breach of this limited warranty is the repair or replacement, at GAF's sole option, of that portion of the ThermaCal[®] Wall Panels (a) that exhibit manufacturing defects adversely affecting their performance or (b) that fail to meet the R-value specified above. Subject to the limitations set forth below, GAF's responsibility to you will be to provide, at GAF's sole option, (a) the reasonable cost to repair ThermaCal[®] Wall Panels; (b) replacement ThermaCal[®] Wall Panels; or (c) reimbursement for the reasonable cost of replacement wall panels. GAF shall not have any responsibility for the repair or replacement of any overlying sidewall cladding materials. In any event, GAF'S MAXIMUM LIABILITY for any claim will be the reasonable cost of any replacement ThermaCal[®] Wall Panels that are defective exclusive of installation cost (subject to the adjustment described below).

After the first year following the installation of ThermaCal[®] Wall Panels, GAF's MAXIMUM LIABILITY to you will be reduced to reflect the use you have received from your ThermaCal[®] Wall Panels. The amount of use will be calculated by dividing the number of months which have elapsed since installation to the date of the claim by the number of months in the warranty term. The total number of months in the warranty term is 180 (i.e., 15 years).
