## North America's #1-selling shingle just got better — again

# Timberline HDZ® Shingles

## Benefits:

- **LayerLock® Technology** — mechanically fuses the common bond between overlapping shingle layers
- **Up to 99.9% nailing accuracy** — the StrikeZone® nailing area is so easy to hit that a roofer placed 999 out of 1,000 nails correctly in our test<sup>1</sup>
- **WindProven™ Limited Wind Warranty** — when installed with the required combination of GAF Accessories, Timberline HDZ® Shingles are eligible for a wind warranty with no maximum wind speed limitation<sup>3</sup>
- **Dura Grip™ sealant** pairs with the microgranule surface of the StrikeZone® nailing area. Then, an asphalt to-asphalt bond cures for durability, strength, and exceptional wind uplift performance.
- **Great value** — architecturally stylish but practically priced, with a Lifetime<sup>†</sup> limited warranty
- **25-year StainGuard Plus™ Algae Protection Limited Warranty** against blue-green algae discoloration.<sup>2</sup> Proprietary GAF Time-Release Algae-Fighting Technology helps protect your shingles from unsightly stains.
- **For the best look** — use TimberTex® Premium Ridge Cap Shingles or TimberCrest® Premium SBS-Modified Ridge Cap Shingles
