1 Identification

Product identifier
Trade name: Bituthene Liquid Membrane & Deck Prep Part B
SDS ID Number: 583

Relevant identified uses of the substance or mixture and uses advised against
Specialty construction product. Not intended for other uses

Details of the supplier of the safety data sheet
Manufacturer/Supplier:

W.R. Grace & Co. -Conn.
62 Whittemore Avenue
Cambridge, MA 02140 USA

Grace Canada, Inc.
294 Clements Road W.
Ajax, Ontario L1S 3C6 Canada

Information department:
Environmental Health & Safety
USA: +1-617-876-1400 (24 hours)
+1-800-354-5414 (8 AM - 5 PM) Not functional within Massachusetts
CAN: 1-905-683-8561 (24 hours)

Transport Emergency: Chemtrec +1-800-424-9300 (24 hours)

2 Composition/information on ingredients

Chemical characterization: Mixtures
Description: Mixture of the substances listed below with additional nonhazardous ingredients.

<table>
<thead>
<tr>
<th>Hazardous components</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>26447-40-5 Methylenediphenyl diisocyanate, mixture of isomers</td>
<td>30-50%</td>
</tr>
<tr>
<td>101-68-8 Diphenylmethane-4,4'-di-isocyanate</td>
<td>30-50%</td>
</tr>
<tr>
<td>61788-32-7 Terphenyl plasticiser, hydrogenated</td>
<td>10-20%</td>
</tr>
<tr>
<td>78-40-0 Triethylphosphate</td>
<td>1.0-2.0%</td>
</tr>
</tbody>
</table>

Additional information: For the wording of the listed risk phrases refer to section 16.

3 Hazard(s) identification

Classification of the substance or mixture
May cause allergy or asthma symptoms or breathing difficulties if inhaled.
May cause damage to organs through prolonged or repeated exposure.
Harmful if inhaled.
Causes skin irritation.
Causes serious eye irritation.
May cause an allergic skin reaction.
May cause respiratory irritation.
GHS label elements The product is classified and labeled according to the Globally Harmonized System (GHS).

Hazard pictograms

![GHS07](image)

![GHS08](image)

Danger

**Hazard-determining components of labeling:**
Methylenediphenyl diisocyanate, mixture of isomers
Diphenylmethane-4, 4’-di-isocyanate

**Precautionary statements**
Wear respiratory protection.
If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
If on skin: Wash with plenty of water.
If eye irritation persists: Get medical advice/attention.
If skin irritation or rash occurs: Get medical advice/attention.
If experiencing respiratory symptoms: Call a poison center/doctor.

**NFPA ratings (scale 0 - 4)**

```
1 1 1
```

Health = 1
Fire = 1
Reactivity = 1

**HMIS-ratings (scale 0 - 4)**

```
*2 1 1
```

Health = *2
Flammability = 1
Reactivity = 1

*4 First-aid measures*

**General information:** Get medical advice/attention if you feel unwell.

**After skin contact:**
Immediately wash contaminated skin with soap or mild detergent and water. If this chemical soaks clothing, immediately remove clothing and wash skin.

**After eye contact:**
Rinse opened eye for several minutes under running water.
Rinse cautiously with water for several minutes.
Seek immediate medical advice.

**After swallowing:**
Wash out mouth with water
Rinse mouth.
Do not induce vomiting; immediately call for medical help.
Trade name: Bituthene Liquid Membrane & Deck Prep Part B

Never give anything by mouth to an unconscious person.

5 Fire-fighting measures

Special hazards arising from the substance or mixture: No further relevant information available.

Protective equipment:
Wear self-contained breathing apparatus and complete personal protective equipment when potential for exposure to vapors or products of combustion exist. Water may be used to cool containers to prevent pressure build-up and possible auto-ignition or explosion. Avoid breathing hazardous vapors or products of combustion, keep upwind. Isolate area and keep unnecessary people away. Prevent run-off from fire control or dilution from entering streams or drinking water supplies.

Additional information
Cool endangered receptacles with water spray.

Collect contaminated fire fighting water separately. It must not enter the sewage system.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures
Wear protective equipment. Keep unprotected persons away.

Methods and material for containment and cleaning up:
Contain and/or absorb spill with inert material (i.e. sand, vermiculite) then place in a suitable container.
Sweep up spilled product into receptacles.
Dispose contaminated material as waste according to section 13 of the SDS.

Reference to other sections
See Section 7 for information on safe handling.
See Section 8 for information on personal protection equipment.
See Section 13 for disposal information.

7 Handling and storage

Handling:
Precautions for safe handling
Open and handle receptacle with care.
Prevent formation of aerosols.
Avoid contact with skin.
Avoid contact with eyes.

Information about protection against explosions and fires: No special measures required.

Storage:
Information about storage in one common storage facility: No special measures required.

Further information about storage conditions: Keep receptacle tightly sealed.
Trade name: *Bituthene Liquid Membrane & Deck Prep Part B*

Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

**Additional information about design of technical systems:** No further data; see item 7.

</tbody>
</table>

**Additional information:** The lists that were valid during the creation were used as basis.

**Personal protective equipment:**

**General protective and hygienic measures:**

Avoid contact with the eyes and skin.

The usual precautionary measures for handling chemicals should be followed.

**Breathing equipment:**

MDI contained in mixed A and B components, has a very low vapor pressure and is not likely to exceed the permissible exposure limit (PEL) in unconfined spaces. Therefore, respiratory protection is not normally required in well ventilated areas except for individuals who are hypersensitive to isocyanates. It should also be noted that although chemical cartridge respirators may provide protection against isocyanate exposure, they are not approved for such use by NIOSH. This is because MDI has poor warning properties. (The level at which it can be detected by odor is significantly above the PEL.) In confined areas, indoors or where there is inadequate ventilation, supplied air (NIOSH Type TC-19C-XXX) or self-contained breathing apparatus (NIOSH Type TC-13F-XXX) may be required. A chemical cartridge respirator with organic vapor cartridge is required. A dust/mist cartridge or prefilter may be needed in addition to control exposure to mist. Supplied air respirator (SCBA) is required at exposure levels above the capabilities of a chemical cartridge respirator.

**Protection of hands:**

Gloves should be worn to prevent skin contact and should be impermeable and resistant to the product.

**Material of gloves**

The following glove materials are acceptable: Nitrile or Butyl rubber gloves should be worn to protect against MDI and oils contained in the mixed A and B components.

Gloves should be worn to prevent skin contact and should be impermeable and resistant to the product.

**Eye protection:**

Safety glasses with side shield protection.
Safety glasses with side shields should be worn to prevent contact due to splashing. Under high vapor mist concentrations, tightly sealed goggles should be worn.

A face shield should also be worn if there is potential exposure to splash or spray.

**Body protection:**
Protective work clothing
Use personal protective equipment as required.
Take off contaminated clothing and wash before reuse.

### 9 Physical and chemical properties

**General Information**

- **Appearance:**
  - Form: Liquid
  - Color: According to product specification
  - Odor: Characteristic
  - Odour threshold: Not determined.

- **pH-value (~):** Not determined.

- **Change in condition**
  - Melting point/Melting range: Undetermined.
  - Boiling point/Boiling range: Not determined.
  - Flash point: 212 °C (414 °F)

- **Flammability (solid, gaseous):** Not applicable.

- **Decomposition temperature:** Not determined.

- **Auto igniting:** Product is not selfigniting.

- **Danger of explosion:** Product does not present an explosion hazard.

- **Explosion limits:**
  - Lower: 0.4 Vol %
  - Upper: Not determined.

- **Vapor pressure:** Not determined.

- **Density: (~):** Not determined.

- **Relative density:** Not determined.

- **Vapour density:** Not determined.

- **Evaporation rate:** Not determined.

- **Solubility in / Miscibility with Water:** Not miscible or difficult to mix.

- **Partition coefficient (n-octanol/water):** Not determined.

- **Viscosity:**
  - Dynamic: Not determined.
  - Kinematic: Not determined.

- **Molecular weight:** Not applicable.
Trade name: Bituthene Liquid Membrane & Deck Prep Part B

**10 Stability and reactivity**

**Thermal decomposition:** No decomposition if used according to specifications.

**Incompatible materials:** Water and bases.

**Hazardous decomposition products:**
Carbon monoxide and carbon dioxide (possible HCN)
Other potentially hazardous products may also be formed.

**Additional information:** See section 7 for information on handling, storage and conditions to be avoided.

**11 Toxicological information**

**Acute toxicity:**

<table>
<thead>
<tr>
<th>LD/LC50 values relevant for classification:</th>
</tr>
</thead>
<tbody>
<tr>
<td>101-68-8 Diphenylmethane-4,4'-di-isocyanate</td>
</tr>
<tr>
<td>Oral LD50 &gt; 10000 mg/kg (rat)</td>
</tr>
<tr>
<td>Dermal LD50 &gt; 9400 mg/kg (rabbit)</td>
</tr>
<tr>
<td>Inhalative LC50, 4h 0.49 mg/l (rat)</td>
</tr>
</tbody>
</table>

**Primary irritant effect:**

- **on the skin:** Causes skin irritation.
- **on the eye:** Causes serious eye irritation.
- **inhalation:** May cause respiratory irritation.

**Sensitization:**

- Sensitization possible through inhalation.
- Sensitization possible through skin contact.

**Additional toxicological information:**

**Carcinogenic categories**

| IARC (International Agency for Research on Cancer) Human Carcinogenicity: |
| Group 1- Positive, Group 2A- Probable, Group 2B- Possible, Group 3- Not Classifiable |
| 101-68-8 Diphenylmethane-4,4'-di-isocyanate 3 |

| NTP (National Toxicology Program) |
| K–Known to be carcinogenic, R–May reasonably be anticipated to be carcinogenic |
| None of the ingredients is listed. |

| OSHA-Ca (Occupational Safety & Health Administration) |
| None of the ingredients is listed. |

**12 Ecological information**

**Aquatic toxicity:** No further relevant information available.
Safety Data Sheet

Trade name: Bituthene Liquid Membrane & Deck Prep Part B

40.1.3 Persistence and degradability
No further relevant information available.

Behavior in environmental systems:

Bioaccumulative potential
No further relevant information available.

Additional ecological information:

General notes:
Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

---

### 13 Disposal considerations

**Waste treatment methods**
Comply with Federal, State and local regulations.

**Recommendation:**
Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

**Uncleaned packagings:**
**Recommendation:**
Disposal must be made according to official regulations.

---

### 14 Transport information

**SARA Section 312/Tier I & II Hazard Categories:**

- Health Immediate (acute): Yes
- Health Delayed (chronic): Yes
- Flammable: No
- Reactive: No
- Pressure: No

**North America Chemical Inventory Status**

**TSCA (Toxic Substances Control Act - United States):**

All ingredients are listed or exempt from listing unless otherwise noted below.

**CEPA (Canadian DSL):**

All ingredients are listed or exempt from listing unless otherwise noted below.

**Right to Know Ingredient Disclosure**

- 26447-40-5 Methylenebis(phenyl isocyanate), mixture of isomers
- 101-68-8 Diphenylmethane-4,4'-di-isocyanate
- 61788-32-7 Terphenyl plasticiser, hydrogenated
- 39310-05-9 Methylenebis(isocyanatobenzene) polymer
- 68956-74-1 Quaterphenyls

**California Proposition 65**

**Chemicals known to cause cancer:**

None of the ingredients is listed.

**Chemicals known to cause reproductive toxicity for females:**

None of the ingredients is listed.

**Chemicals known to cause reproductive toxicity for males:**

None of the ingredients is listed.

**Chemicals known to cause developmental toxicity:**

None of the ingredients is listed.

**Carcinogenicity Categories**

**EPA (Environmental Protection Agency)**

- 101-68-8 Diphenylmethane-4,4'-di-isocyanate | D, CBD |

**TLV-ACGIH (THE American Conference of Governmental Industrial Hygienists)**

Human Carcinogen - A1 Confirmed, A2 Suspected, A3 Unknown Relevance, A4 Not Classifiable

None of the ingredients is listed.

**NIOSH-Cancer (National Institute for Occupational Safety and Health)**

None of the ingredients is listed.
40.1.3 Volatile Organic Compounds (VOC) reported per the Emission Standards for Architectural Coatings:
(gr/L) 10 gr/L (as applied)

16 Other information

"The data included herein are presented in accordance with various environment, health and safety regulations. It is the responsibility of a recipient of the data to remain currently informed on chemical hazard information, to design and update its own program and to comply with all national, federal, state and local laws and regulations applicable to safety, occupational health, right-to-know and environmental protection."
