RE: Grabber Acoustical Sound & Smoke Sealant

To Whom It May Concern,

This letter is to acknowledge that Grabber Acoustical Sound & Smoke Sealant is UL classified with a zero flame spread and smoke developed rating. This can be found by searching USA's UL Online Certifications Directory.

The Grabber Acoustical Sound & Smoke Sealant has recently passed the same performance testing for UL Canada classification and has achieved the same zero flame spread and smoke developed rating.

Regards,

Marc Sims
