"The Professional's Choice"™

**NEW UltraPro® Ultimate Wood Screw**

**UltraPro®**

**EXTERIOR WOOD Wood to Wood**

Driving wood-to-wood screws and deck screws can be a lot of work and a challenge especially when driving into harder materials. Anyone who has used wood screws has had experience with strip-outs, popped heads and screws that don't seat flush. Grabber developed the new UltraPro screws to help take the hassle out of driving screws so you can concentrate on the job.

**UltraPro™**  
ULTIMATE WOOD SCREW

**Seven reasons why UltraPro® is the BEST wood screw you will ever use:**

- 1 **LOX® Recess** — Eight points of contact mean no more strip outs
- 2 **Scavenger® II Head** — Self-countersinks - clean and flush
- 3 **Draw-Tite™ Upper threads** — Pull wood members together
- 4 **GrabberGard®** — Lifetime warranty against corrosion
- 5 **Ultracut™ Threads** — Drive faster and cleaner
- 6 **Type 17 Point** — No pre-drilling required
- 7 **QuickGrab™ Point** — Grabs and starts fast

**UltraPro® Product Set**

# 48-IN ULTRAPRO SET

Display kit includes header and hardware to accommodate installation

Display kit includes background "skin" to add a perfect finishing touch.

Demonstration includes two 18-in 4x4s and an 18-in 1x8 on top.

**Other items available on Grabbergear include:**

- UltraPro hang-card
- UltraPro sell sheets
- Acrylic literature holder

Display kit includes flags and hardware to accommodate installation

New product attention flags to help draw attention to the new UltraPro fasteners.

**FOUR-FOOT GONDOLA MERCHANDISING SET**

HEADER (48 X 8-IN)	1-QTY
HEADER BRACE	1-QTY
SHELF FLAG	2-QTY
SHELF-FLAG CLAMPS	2-QTY
GONDOLA SKIN (48-IN)	1-QTY
WOBLER SHELF FLAG	2-QTY

Grabber takes all the guess work out of planning your 48-inch showroom set. An existing 48-in gondola can be turned into an attractive and functional Grabber program with a gondola skin, shelf flags and header.

The four-foot UltraPro set includes a header, shelf flags and wobblers, a hang card, gondola skin and literature.

**GRABBER TIE-MASTER™ AND LAG-MASTER™**

Grabber Tie-Master™ and Lag-Master™ deck framing fasteners have received an evaluation report from ICC Evaluation Service (ICC-ES) certifying the fasteners are in compliance with the following codes

- ▶ 2012, 2009, and 2006 International Building Code (IBC)
- ▶ 2012, 2009, and 2006 International Residential Code (IRC)

Grabber's Tie-Master™ and Lag-Master™ Multipurpose Wood Fasteners described in the report are used for engineered wood-to-wood connections in accordance with the IBC and the ANSI/AWC National Design Specification for Wood Construction (NOS). The fasteners may be used under the IRC when an engineered design is submitted in accordance with IRC Section R301.1.3.

"The Professional's Choice"™

**SuperDrive® Automated Fastening System**

**SuperDrive® 75 Series**

PART NO.	PACK COUNT	DESCRIPTION
7525XT	1-each	75 SERIES W ROCKER 2500 RPM W EXTENSION
7540IT	1-each	COMPLETE "G" TOOL - 75 SERIES W ROCKER 4000 RPM
7540XT	1-each	75 SERIES W ROCKER 4000 RPM W EXTENSION

**Features and Benefits:**

- ▶ Use for any screw application from 5/8-in - 3-in
- ▶ Use with screw diameters from 6 - 12 gauge
- ▶ Simple design, easy to service
- ▶ Compact and lightweight industrial design
- ▶ Most versatile tool on the market
- ▶ Set and forget depth control system
- ▶ Extra long bit life with patented LOX® bits

**Recommended Applications:**

- ▶ Sub-floor/deck/dock
- ▶ Roof tile
- ▶ Wood to metal
- ▶ Drywall and sheathing
- ▶ Wood to wood construction

**SuperDrive® Collated Screws**

"The Professional's Choice"™

**DECKMASTER® Deck and Fence**

**G6 Hidden Fastening System**

**EXTERIOR WOOD Deck**

DECKMASTER® G6 Hidden Deck Fastening System is the strongest hidden fastening clip on the market. Made of highest grade, heavy-gage steel and coated with the advanced corrosion protection of GrabberGard®. Uniquely engineered with four claws to bite into decking material increasing shear values by 50-70% giving you a grip that will virtually eliminate squeaking, rattling and inconsistent gapping. G6 system uses frame head screws rather than trim head for better holding power.

- **Unibody design assures consistent spacing in board gapping**
- **Built in security that grips deck boards to permanently lock them into place**
- **Stronger four winged design for the strongest deck clip available with 30% more steel — Made from the highest grade steel.**

PART NO.	COUNT	RECOMMENDED FOR:

**DECKMASTER**

**DECKMASTER®**  
HIDDEN DECK FASTENING SYSTEM

**Hidden Deck Bracket**

**EXTERIOR WOOD Deck**

The strongest longest lasting decks are built using Deckmaster brackets. Its unique under-mount design uses fasteners at two angles, virtually eliminating deck racking and shearing. And because Deckmaster is completely hidden beneath the deck boards, there are no exposed screws or nails on the deck surface. As such, moisture won't pool around screws and nails reducing the potential for water damage associated with decks top fastened with screws or nails. Deckmaster is the best hidden fastening system available.

- **ACO compliant**
- **Outstanding corrosion resistance**
- **LOX® 2 recess for a sure driving experience**
- **GrabberGard® corrosion protection**

HIDDEN DECK FASTENING SYSTEM

**Joist Jaw**

**EXTERIOR WOOD Deck**

Joist Jaw is the perfect accessory for the professional wood framer. Like a second pair of hands, the Joist Jaw holds up the rafters and joists. The Joist Jaw automatically levels the cross member with the rim joist or ledger giving the framer a "hands free" position while installing the joist hanger or other connectors. With just a couple of twists, the Joist Jaw clamps down on its target from the top or the bottom and holds lumber tight! This tool increases the accuracy and production of a 2 man framing crew whether they're building a deck, a roof or a floor, saving time and money. The joist jaw is reusable and made of zinc plated durable steel. Each package comes complete with 2 Joist Jaws.

- **Saves time and money**
- **Second pair of hands**
- **Solid steel construction**
- **Perfect for decking, roofing and flooring applications**
