LEGEND

Heads

Flat Head w/Ribbed Collar - Designed to seat fast and easy into wood, creating a flush surface.

Trim - Smaller, less noticeable head leaves a more finished surface

Pan - Smooth edged for exposed head applications, providing a flat bearing surface into solid material.

Points

Type 17 - Shank slotted point designed to smoothly penetrate wood without surface cracking. Material displacement is minimized.

Streaker® - Super sharp 30° point designed for quick and easy penetration into light gauge metal (25-20 ga.) and wood.

GRABBER® - Coarse thread, single lead point that draws in quickly and holds tight in wood.
