

The background of the entire page is a close-up, vertical shot of three drill bits. The bits are arranged side-by-side, filling the frame. They have a metallic, slightly worn appearance with visible spiral flutes. The lighting is dramatic, highlighting the texture of the metal and the sharp edges of the flutes. The bits vary slightly in size and the spacing of their flutes, suggesting different applications or materials.

783008Z	 The diagram shows a screw with a flat head. A dimension line above the screw indicates a total length of 3 in. from the base of the head to the tip. Another dimension line indicates a thread length of 2 in. starting from the base of the head. The screw has a smooth shank section followed by a threaded section.

Screw Length: 3/4 in.	
Thread Length: 1/2 in.	
Drill Point Length: 1/4 in.	

A technical drawing of a screw. The screw is shown in profile, with its head on the left and its pointed drill point on the right. Three dimension lines with arrows indicate the following measurements: a vertical line on the right side of the screw body is labeled '3/4 in.' and spans the total length of the screw; a horizontal line below the thread section is labeled '1/2 in.' and spans the length of the threaded portion; another horizontal line below the drill point section is labeled '1/4 in.' and spans the length of the pointed tip.
