| H12075H3                     | #3          |
| Screw Length: 3/4 in.        |             |
| Thread Length: 7/16 in.      |             |
| Drill Point Length: 5/16 in. |             |

A technical drawing of a screw. The drawing shows the screw from the side, with its head on the left and its pointed tip on the right. Three dimension lines with arrows indicate the following measurements: the total length of the screw is 3/4 in.; the length of the threaded portion is 7/16 in.; and the length of the unthreaded drill point is 5/16 in.

| Item No.                     | Drill Point |

| Screw Length: 1 1/4 in.      |             |
| Thread Length: 15/16 in.     |             |
| Drill Point Length: 5/16 in. |             |

A technical drawing of a screw, showing its profile and dimensions. The screw has a hexagonal head on the left and a sharp drill point on the right. Three dimension lines with arrows indicate the following measurements: the total length of the screw is 1 1/4 in., the length of the threaded portion is 15/16 in., and the length of the drill point is 5/16 in.

| H12200H3                     | #3          |
| Screw Length: 2 in.          |             |
| Thread Length: 1 11/16 in.   |             |
| Drill Point Length: 5/16 in. |             |

A technical drawing of a screw. The drawing shows the screw from the side, with its head on the left and its tip on the right. Three dimension lines are used to specify the lengths: a top line for the total length of 2 in., a middle line for the thread length of 1 11/16 in., and a bottom line for the drill point length of 5/16 in. The screw has a hexagonal head and a sharp, pointed tip.

| Thread Length: 1 13/16 in.   |             |
| Drill Point Length: 3/16 in. |             |

A technical drawing of a screw. The drawing shows the screw from the side, with its head on the left and its point on the right. Three dimension lines are shown: a horizontal line above the screw indicating a total length of 2 in., a horizontal line below the screw indicating a thread length of 1 13/16 in., and a vertical line on the right indicating a drill point length of 3/16 in.

| Item No.                     | Drill Point |
|------------------------------|-------------|
| 14250H3                      | #3          |
| 12250H3                      | #3          |
| H12250H3                     | #3          |
| Screw Length: 2 1/2 in.      |             |
| Thread Length: 2 3/16 in.    |             |
| Drill Point Length: 5/16 in. |             |

The image shows a side view of a screw. The total length of the screw is indicated by a dimension line at the top, labeled '2 1/2 in.'. The length of the threaded portion is indicated by a dimension line below the total length, labeled '2 3/16 in.'. The length of the unthreaded drill point at the end is indicated by a dimension line at the bottom right, labeled '5/16 in.'. The screw has a hexagonal head on the left and a sharp point on the right.

A technical drawing of a screw. The drawing shows a side view of the screw with a hexagonal head on the left and a threaded shaft extending to the right. Dimension lines with arrows indicate the following measurements: a horizontal line above the shaft labeled '2 in.' representing the total length; a horizontal line above the threaded portion labeled '1/2 in.' representing the thread length; and a horizontal line above the pointed drill tip labeled '1/4 in.' representing the drill point length.

# Thread Length
