

GRABBER **SuperDrive® N7 Series**

**Convert your favorite driver into an
AUTO-FEED FASTENING TOOL!
...in just seconds**

SuperDrive N7 indexing modules have been redesigned to snap-on to Makita and DeWalt drivers in just seconds. N7 is a game-changer!

N7 is ideal for metal framing and drywall attachment and is designed for fastener lengths from 3/4" to 2" and 6-8 gauge.

KEY ADVANTAGES

- ▶ Available for DeWalt and Makita tools
- ▶ Snaps on to DeWalt and Makita drivers in seconds
 - no couplers or conversion required.
- ▶ N7 uses a widely accepted tape collation system
 - a wider selection of collated fasteners are available than other systems.
 - tape collation makes it possible to reach into more spaces than rope or other collation systems.
 - 50 screws per strip means staying on task longer and fewer change outs compared to other systems
- ▶ Adjust for fastener length with a click of a button
- ▶ SureLock™ fine depth control adjustment
- ▶ Rounded nose piece won't damage drywall or other sheathing

SUPERDRIVE - Professional Series SDN7 tools

ITEM #	Description	Works With	Bit Tips
SDN7M1	N7 Series Head - Makita Corded and Cordless	FS4200, FS4300, XSF03	(Bit - CF155 w/E-Ring)
SDN7D1	N7 Series Head - Rocker Screwguns and DeWalt Corded	4060, 4063, DW272, DW266, DW274K	(Bit - CF155 w/E-Ring)
SDN7D2	N7 Series Head - DeWalt Cordless	DCF620M2 or DCF620D2	(Bit - CF155)

Introducing Three New N7 Modules

SDN7D1 for use with Rocker 4060, 4063 and DeWalt DW272, DW266, DW274K

SDN7M1 for use with Makita XSF03, FS4200, FS4300
