Mini-Scaffolds

NU-WAVE SCAFFOLDING SYSTEMS

Model SU-4

4 Ft. Step-Up® Portable Mini-Scaffold

With its sturdy 1" O.D. tubular construction, 500 lb. load capacity and 50" height, the SU-4 is perfect for all low ceiling jobs. The SU-4 comes with 5" INDY All Brake Casters which permit 360 degree wheel rotation for ease of movement. Folds down to just 22" wide.

Prod#	Description	Load Cap	Ship Wt.
48035	4 ft. Step-Up Mini-Scaffold with 4 #PC54B-S" all brake casters 51.5" high x 48" long x 22" wide	500	70

Model SU-5

5 Ft. Step-Up® Portable Mini-Scaffold

Throw away those bulky, shaky ladders, A-frames and planks! Whatever job you're up to, the SU-5 will help you do it faster, safer and easier. The SU-5 is adjustable to four convenient working heights, has a 600 lb. load capacity, and features INDY All Brake Casters.

Prod#	Description	Load Cap	Ship Wt.
48037	5 ft. Step-Up Mini-Scaffold with 4 #PC54B-S" all brake casters 61.5" high x 56" long x 25" wide	600	90

Model SU-6

6 Ft. Step-Up® Portable Mini-Scaffold

By popular demand...a taller version of Nu-Wave's Step-Up Utility Work Stand! Like all of Nu-Wave's Mini-Scaffolds, the SU-6 sets up in seconds with no assembly required. Adjusts to six working heights up to six feet. Features include "high tech" cushion rubber locking swivel INDY casters and big 600 lb. load capacity.

Prod#	Description	Load Cap	Ship Wt.
48039	6 ft. Step-Up Mini-Scaffold with 4 #PC54B-S" all brake casters 72" high x 56" long x 25" wide	600	100

Drywall Carts

NU-WAVE
SCAFFOLDING SYSTEMS

Model PD-1 Residential Drywall Cart

This residential drywall cart has a streamline design, ergonomic handle, and is lightweight.

- 2000 lb. load capacity
- 17.25" wide x 47" high x 39.25" long

Product #	Model #	Description	Ship Wt.
49090	PD-1	Without Casters	50

Model PD-2

For most applications, this economical model is all you need to do the job. Two wheels are fixed position for straight ahead movement. Two wheels swivel for turning. Like all the other drywall carts, it's built to last with quality.

- 3,000 lb. load capacity
- 22" wide x 47" high x 43.625" long

Product #	Model #	Description	Ship Wt.
49100	PD-2	Without Casters	50

Model PD-4

This model features a special inset back tube frame. It provides maximum maneuverability around tight corners or through standard doorways with four swivel casters. Optional position locks keep two wheels straight when moving one direction.

- 3,000 lb. load capacity
- 25" wide x 47" high x 49.75" long

Product #	Model #	Description	Ship Wt.
49240	PD-4	Without Casters	75

INDY Casters for Drywall Carts

NU-WAVE
SCAFFOLDING SYSTEMS

Custom built for Nu-Wave, these are the strongest, longest-lasting casters in the industry. All wheels are 8" x 2". The frame features an all heat-treated bearing race with celcon seals. A unique new king pin design spreads stress points for longer-lasting caster frames.

Product #	Model #	Description	Unit	Ship Wt.
49337	PCHTS-8-S	8" Swivel Hi-Tech Caster	EA	6

Hi-Tech Silverline

- rolls easily-very durable
- protects floors, rejects floor debris
- low temperature flexibility
- chemical, steam and water resistant
- 2400 lb. capacity

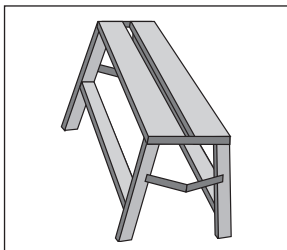

Benches & Platforms

Sandpaper and Sanding Screens

Smooth-Kut Paper

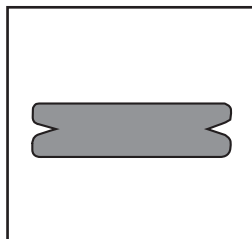

Available in 80 grit to 150 grit grades, this sandpaper features D-weight backing for strength with flexibility and longer life in drywall finishing. The 4 3/16" x 11" sheets actually measure 11-1/4" in length for improved mounting on pole sanders.

Prod#	Model#	Grit	Sht/Box	Box/Ctn	Unit	Wt/Ctn
52070	B0308	80 grit	100	10	CTN	34
52080	B0307	100 grit	100	10	CTN	29
52090	B0306	120 grit	100	10	CTN	26
52100	B0305	150 grit	100	10	CTN	26

Wet-Kut Waterproof Cloth

100 percent waterproof, this strong J-weight cloth is the same material that is used to make "denim" type jeans, thereby giving it unsurpassed durability in the abrasive field. It is ideal for "wet sanding", and can be washed off if loading occurs. The 3 5/16" x 12" sheets fit sanders without trimming, and easily mount on pole and hand sanders.

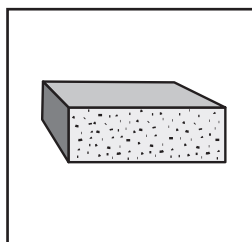

Prod#	Model#	Grit	Sht/Box	Box/Ctn	Unit	Wt/Ctn

Adhesives & Sealants

OSI Pro-Series®

F-38 Green Series

Drywall Construction Adhesive

Professional grade, latex based construction adhesive designed for drywall and other panel applications. This ultra-low VOC product offers fast strength development and high shear strength.

Prod#	Size	Tubes/Ctn	Units/Pallet	Unit	Wt/Unit
54032	28 oz. Tube	12	60	CTN	34

Specifications:

- Tested per ASTM E 72 — Racking Load Evaluation of Sheathing Materials on a Standard Wood Frame
- GreenGuard® certified and Qualifies for LEED® points
- Meets and conforms to the performance characteristics of ASTM C 557
- Complies to the following VOC regulations: SCAQMD Rule 1168 VOC, CARB, BAAQMD

SC-175 Green Series

Sound Sealant

A non-flammable, latex-based sealant specially designed to reduce sound transmissions and drafts in all types of wall systems where a sound-rated assembly is required. The paintable sealant remains flexible and adheres firmly to wood, metal studs, concrete, and most other building materials.

Prod#	Size	Tubes/Ctn	Units/Pallet	Unit	Wt/Unit
54020	28 oz. Tube	12	60	CTN	40

Specifications:

- Tested to or conforms to: ASTM E 84: Surface Burning Characteristics of Building Materials, ASTM E 90-85: Laboratory Measurement of Airborne-Sound Transmission Loss of Building Materials, ASTM D 217: Testing Standard for Consistency, ASTM C 919: Standard Practice for Use of Sealants in Acoustical Applications
- GreenGuard® certified and Qualifies for LEED® points
- Complies to the following VOC regulations: SCAQMD Rule 1168 VOC, CARB, BAAQMD

FRP-555

Latex FRP Panel Adhesive

A high quality, solvent free adhesive for installing fiberglass reinforced panels on common surfaces. Bonds to drywall, wood, concrete, metals, plastic, plastic foams, etc. Long open time with strong yet flexible bond. Nonflammable. Water-resistant.

Prod#	Size	Units/Pallet	Unit	Wt/Unit
54085	5 Gallon	24	PL	63

Specifications:

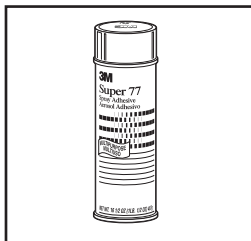

- Meets SCAQMD Rule 1168 VOC
- CARB and BAAQMD compliant

3M Spray Adhesive

3M

Super 77 Spray Adhesive

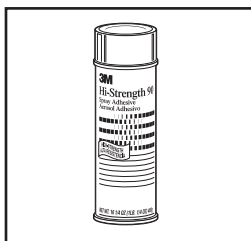

- 220 sq. feet of coverage TWICE as much as the competition
- Used on corner bead where mechanical fasteners are impractical
- Fast, aggressive tack
- Meets California VOC requirements
- Bonds many foils, plastics, papers, foams, metals and cardboard

Prod#	Size	Cans/Ctn	Unit	Wt/Ctn
65010	16.5 oz	12	CTN	17.1

High Strength Spray Adhesive 90

Drywall Fasteners

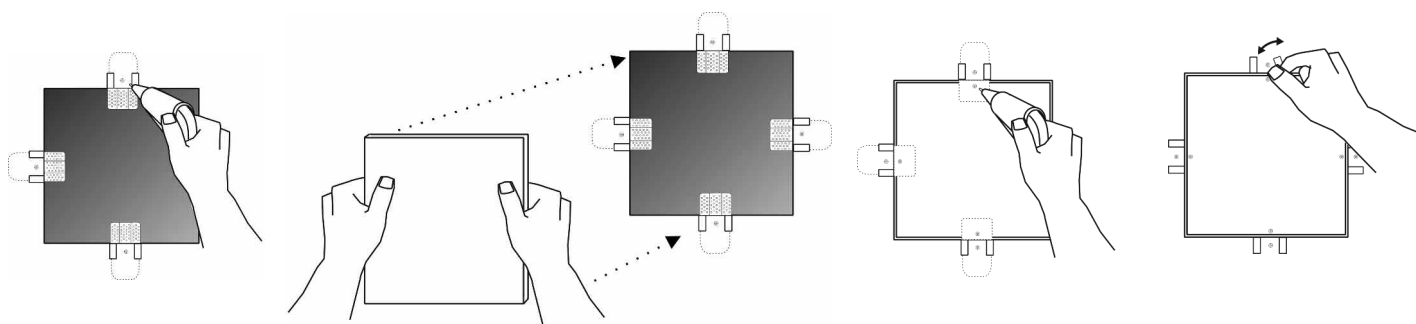

Prest-on®

Insta-back Fastener

Insta-back fasteners make drywall repair quick and easy because cutouts can be reattached without cutting drywall back to the nearest stud (as shown in the illustrations below). Insta-backs make finished butt joints that are "bump free", and save time and money by reducing the number of joints to be finished. Meets all building codes and fire ratings.

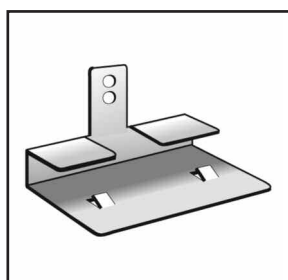

Prod#	Desc	Pcs/Ctn	Ctn/Pallet	Unit	Wt/Ctn
71010	1/2"	200	50	CTN	10
71020	5/8"	200	50	CTN	10

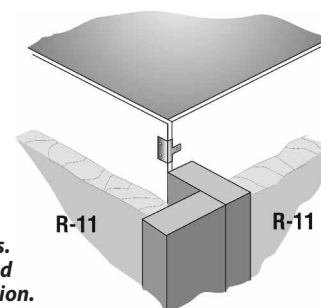

- 1.** Place fasteners as shown and secure with drywall screws 3/4" from the edge.
- 2.** Replace drywall patch in hole.
- 3.** Screw through patch into Insta-back fasteners 3/4" from the edge.
- 4.** Bend Insta-back tabs back and forth until they snap off.

Corner-back Fastener

Corner-back fasteners save you time, money and materials by allowing you to eliminate one stud at almost every corner. By eliminating the need for corner back-up studs, Corner-backs permit corners to be fully insulated (as shown in the illustration at right). This means a significant reduction in thermal loss. Corner-backs also reduce costly callbacks due to ceiling/partition separation from truss uplift. Meets all building codes and fire ratings.

Prod#	Desc	Pcs/Ctn	Ctn/Pallet	Unit	Wt/Ctn
71030	1/2"	300	50	CTN	10
71040	5/8"	300	50	CTN	10

Corner-backs eliminate wood backup at corners and ceilings. The result is faster framing and faster, easier drywall installation.
