To Whom It May Concern:

**Re: Hilti CP 620 Fire Foam – LEED Info.**

Item Number:

338725

The Hilti CP 620 Fire Foam is manufactured in Germany.

The CP 620 tube is made of polypropylene and can be completely recycled. There is no post-consumer or post-industrial content in CP 620 and it cannot be recycled. The CP 620 does not contain any Rapidly Renewable Materials. The VOC content for CP 620 is 1.3 grams/liter.

CP 620 is not regulated as a hazardous waste by the Federal EPA Standards. The regulations for the disposal of non-regulated industrial waste can vary from state to state and even city to city. For this reason, you should consult your local and state regulatory agencies for direction on disposal.

Please feel free to contact me at (918) 872-3704 if you have questions.

Sincerely,

A handwritten signature in black ink, reading "Jerry Metcalf". The signature is fluid and cursive, with the first name "Jerry" and last name "Metcalf" clearly distinguishable.
