

## HILTI TECHNICAL BULLETIN

**Date: February 29, 2016**

**Subject: Florida Building Code Approvals for HIT-RE 500 V3 and HIT-RE 100**

The State of Florida has issued Florida Building Code High-Velocity Hurricane Zone Approvals for HIT-RE 500 V3 and HIT-RE 100 for the 2014 Florida Building Code. The State of Florida does not provide official approval documents. To check the approval status, enter the following URL into your browser. To find the latest Hilti approvals, you can search as shown below or enter the approval number to find a specific listing.

Product	FL #
HIT-RE 500 V3	FL19674
HIT-RE 100	FL19677

The screenshot shows the Florida Department of Business & Professional Regulation website. The main heading is "Business & Professional Regulation". Below this, there is a navigation menu with links like "BCIS Home", "Log Out", "User Registration", etc. The page is titled "Product Approval" and shows a search interface. The search criteria include "Application", "Generate Output" (with radio buttons for HTML and Crystal Report), "Code Version" (set to 2014), "FL #", "Application Type", "Product Manufacturer" (set to HILTI, Inc.), "Category", "Subcategory", "Application Status", and "Compliance Method".

Please feel free to contact our Engineering Technical Services department for more information or any questions.
