

# ARMOURSHAKE™

Designer Shingles

\*Shadow Black only.

## One-of-a-Kind Shingles for Upscale Homes.

5 1/2" EXPOSURE

IMPACT RESISTANCE SHINGLES

FASTLOCK® SEALANT

70 SHINGLES TO A SQUARE

IKO's Armourshake line offers artisan-crafted shapes, resulting in sophisticated beauty that typical shingles simply can't replicate. Armourshake has it all — dimensional thickness, heavyweight construction, generous exposure and even the highest ratings for impact resistance depending on the chosen color.

### The IKO Difference

With a legacy of craftsmanship that spans over 75 years, we know quality. That's why contractors and their customers trust IKO to deliver beautiful, high-performing roofing systems that can withstand rigorous conditions — and continue protecting families for generations to come.

### Where unforgettable design meets outstanding protection.

Customers who choose Armourshake shingles get the best of both worlds, with high-end, durable shingles built for high-end homes. These shingles offer 70 shingles to a square — some competitors' comparable shingles can range up to 90 shingles per square. That means IKO Armourshake can give up to 20% more coverage for faster installation and less waste. Armourshake shingles also offer:

- Deep, contrasting shadows.
- Class A Fire Resistance rating.
- Durable fiberglass mat core.
- Thick weathering asphalt coating for strength, durability, and flexibility.
- FastLock sealant, activated by the warmth of the sun to help protect against wind uplift.
- Class 3 or 4 (Shadow Black only) impact resistance rating<sup>4</sup>.
- Four elegant, blue-green algae-resistant color blends that may resist fade from UV exposure.

Designer Shingles

SPECIFICATIONS <sup>5</sup>	Limited Warranty <sup>1</sup>	Limited Lifetime <sup>3</sup>	Dimensions (L x W)	37 3/8 in (950 mm) x 18 11/16 in (475 mm)	STANDARDS <sup>6</sup>	ASTM D3462	
	Iron Clad Protection <sup>1</sup>	15 Years	Exposure	5 1/2 in (140 mm)		ASTM D3018	
	Limited Wind Warranty <sup>1</sup>	110 mph				ASTM D7158 — Class H	
	Limited High Wind Warranty Upgrade <sup>1,2</sup>	130 mph	Coverage per Bundle	Class 3 & Class 4 Approx. 5 bdls/sq.		ASTM D3161 — Class F	ASTM E108/UL 790 — Class A
	Limited Algae Resistance Warranty <sup>1</sup>	10 years (blue-green)				Shingles per Square	70

**Note:** Product and color availability may vary by region. Products with Miami Dade NOA and FBC product approval listings are available. Meets Texas Department of Insurance requirements. Contact IKO for details. <sup>1</sup>Refer to the Limited Warranty at IKO.com for full terms, conditions, restrictions and application requirements. Shingles must be installed per application instructions and local building codes. <sup>2</sup>High Wind Application is required. Armour Starter strips along with either Leading Edge Plus or EdgeSeal are required, as well as capping shingles are required with High-Wind Application. <sup>3</sup>"Lifetime" refers to the period from installation until the original Owner no longer owns the building. <sup>4</sup>Impact rating is solely for potential insurance premium reductions and is not a performance guarantee, implied or express warranty of any kind. <sup>5</sup>Hail damage is not covered under the Limited Warranty. IKO recommends Class 4 or 3 impact resistance rated Hip and Ridge capping shingles be installed with corresponding impact rated shingles (refer to FM Approvals for more details on the FM 4473 impact resistance testing standard). <sup>6</sup>All values are approximate. <sup>6</sup>Products are developed with reference to these standards.

**IMPORTANT!** For complete satisfaction, view full-size shingles and an actual roof installation before selecting a color. Online swatches, brochures, and our **ROOFViewer**® tool may not accurately reflect the shingle color or full color blend range, nor show the impact of sunlight.
