Report of UDL 30 Roofing Underlayment for compliance with the applicable requirements of the following criteria: CAN/CSA A220.1 – M91: *Installation of Concrete Roof Tiles*

This report is for the exclusive use of Intertek's Client and is provided pursuant to the agreement between Intertek and its Client. Intertek's responsibility and liability are limited to the terms and conditions of the agreement. Intertek assumes no liability to any party, other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this report. Only the Client is authorized to copy or distribute this report and then only in its entirety. Any use of the Intertek name or one of its marks for the sale or advertisement of the tested material, product or service must first be approved in writing by Intertek. The observations and test results in this report are relevant only to the sample tested. This report by itself does not imply that the material, product, or service is or has ever been under an Intertek certification program.

6 Conclusion

The UDL 30 roofing underlayment products identified and evaluated in this report has met the physical requirements of CAN/CSA A220.1 – M91, *Installation of Concrete Roof Tiles* as presented in Section 5 of this report.
