

## Product Data

# Tuft Turf 080N

A Root Reinforcement Mat

### Description

Tuft Turf 080N is a 0.80-inch, cusped geometric patterned core, root reinforcement mat designed to reinforce soil.

This product is produced from an extruded nylon matrix of tangled monofilaments, which are heat-welded at the junctions to form a resilient structure.

### Applications

- ✓ Natural soil separation from growing medium in green roof vegetation
- ✓ Root reinforcement for transportation of extensive roofing plants
- ✓ Vegetated channels
- ✓ Slopes

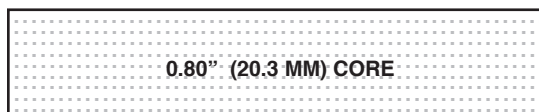

### Features and Benefits

Nylon core for flexibility and compressibility

Class A fire-rated product

Carbon black added for UV stability

Lightweight and easy to handle

## Physical Properties

| Description  | Means of Measurement |                  | Value     |        |

LIMITED WARRANTY: Keene Building Products, Inc. warrants to the initial purchaser only that the goods sold hereunder will be free from defects in material and workmanship and, except as otherwise set forth herein, will conform to the specifications provided. If any failure to meet this warranty appears within one year from the date of shipment of the goods, on the condition that Keene Building Products, Inc. will correct any such failure by either replacing or repairing any defective goods, at Keene Building Products, Inc.'s option.

The preceding paragraph sets forth the exclusive remedy for all claims based on failure of or defect in the goods sold hereunder, whether such failure or defect arises before or during the warranty period and whether a claim, however instituted, is based on contract, indemnity, warranty, tort (including negligence), strict liability or otherwise. The forgoing warranty is exclusive and is in lieu of all other warranties whether written, oral, implied or statutory.
