"By utilizing LP LSL for joist in our floor systems we not only meet the criteria for the 2012 fire code but also believe we are providing our customers with a firmer feeling floor system."

Eric Hibner
 Director of Purchasing MI Homes- Columbus Ohio

⚠ WARNING: Drilling, sawing, sanding or machining wood products can expose you to wood dust, a substance known to the State of California to cause cancer. Avoid inhaling wood dust or use a dust mask or other safeguards for personal protection. For more information go to www.P65Warnings.ca.gov/wood.
