

- **Unique RainChannel™ Notch System**
- **Maximum Strength And Stiffness**
- **Moisture-Resistant Sub-Flooring With Increased Density**
- **Easy Self-Spacing Tongue-And-Groove Design**
- **200-Day “No-Sand” Warranty**
- **50-Year Transferable Limited Warranty**

The RainChannel™ self-draining notch system allows water to drain quickly from the surface. Combined with a moisture-resistant edge seal, the RainChannel system helps fight moisture absorption and edge swell, reducing the need for sanding.

Cal. Prop 65 Warning: Use of this product may result in exposure to wood dust, known to the State of California to cause cancer.

Premium Sub-Flooring With Added Density

LP® TopNotch® 450 Premium OSB Sub-Flooring is designed for optimum stability in both directions. It delivers maximum strength plus increased density for homeowners who desire highly durable sub-flooring. LP TopNotch 450 has a self-spacing tongue-and-groove design for easy installation. It has a smooth, strong surface that is sanded to lay flat. We back LP TopNotch 450 with a 200-day “no-sand” warranty and a 50-year transferable limited warranty.

Get What You Need, When You Need It

LP is the world’s #1 OSB producer and the leader in strand technology across a variety of engineered wood products. Consistent product quality and regional product availability help ensure that LP TopNotch 450 and all of our products are available where and when you need them. And when you use LP products, you have access to world-class customer service and local market product support.
