

Marlite[®]

Surface Systems[®]
375 Ultra Durable

Tough, impact resistant compact laminate is now available for use in Marlite's proven, pre-engineered, mechanically applied panel (MAP) Surface Systems.

Ideal in high-abuse areas for:

- Healthcare Facilities
- Schools & Universities
- Restaurants
- Hotels & Casinos
- Houses of Worship
- Office & Residential Buildings
- Transportation Terminals
- Fitness Centers & Spas
- Grocery, Convenience & Drug Stores
- Government Buildings

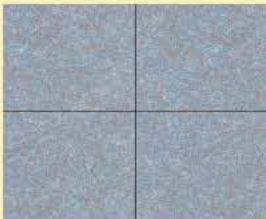

Solid compact laminate is the industry's toughest panel, available in many colors and patterns.

Pencil thin 3/8" panel reduces weight and minimizes cost.

MAP 375 System reveal options:

1/16" reveal

1/4" reveal

1/2" reveal

1" broad

Installation is simple using standard woodworking tools.

Class "A" fire-ratings are available.
