

# IMPower Series™ Insulated Metal Panels COLORS

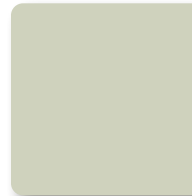

Specify IMPower Series™ Insulated Metal Panels from Metal Sales™ in your choice of 13 standard colors. When making your coating selection, please note the following:

- The standard exterior texture for wall panels is an embossed surface. Smooth exterior surfaces may be available upon request.
- The standard exterior texture for roof panels is a smooth surface.
- The standard interior texture for all panels is a lightly embossed surface in SMP Imperial White.
- All colors except Imperial White are available in a PVDF finish upon request.
- HE40A AdobeTexture™ panels are available in Sandstone, Surrey Beige, Pearl Gray, and Regal White only.
- Non-stock colors, custom paint systems and special orders are subject to higher pricing and may increase lead times.

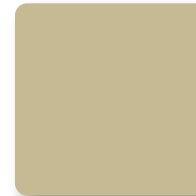

*Contact your Metal Sales representative for information regarding availability and for complete coating system specifications.*
