Unique Textured Finish for Superior Performance

This new, textured finish redirects light for enhanced visual depth, resulting in a series of shifting and shimmering tones. MS Crinkle Finish promises a unique, aesthetic appearance compared to a standard finish.

Formulated with enhanced silicone polyester, MS Crinkle Finish offers enhanced weatherability to resist fading, scratching and chalking. Combine that with the superior sales and technical support you have come to expect from Metal Sales and you have a building envelope that will last for decades and decades.
