

Residential Ty

The AR Residential Ty is designed for modular forming systems utilizing 1-1/8" plywood. Crimped wires are designed to be secured in place by clips on the outside of the form and then are snapped off after the stripping of the forms using a break off tool. Available in standard sizes of 8"-10", 12"-14", 16", 18", 20", 22" and 24". Additional sizes available on request.
