RE: Cure & Seal 1200 E - LEED

To Whom It May Concern:

Nox-Crete Products Group is committed to the manufacture of products which foster environmentally sound building practices and processes and which are also safer for the people who use them. We continually strive to improve and innovate product solutions to meet the needs of our customers.

**REGIONAL MATERIALS**

All Nox-Crete products are manufactured in Omaha, Nebraska-area production facilities. Choosing Nox-Crete products for use on projects within a 500-mile radius may contribute to the acquisition of LEED points for Regional Materials MR 5.

**RECYCLED CONTENT**

This product is produced using no recycled post-consumer materials.

**LOW-EMITTING MATERIALS IEQ 4.2 / 4.3**

Nox-Crete certifies that Cure & Seal 1200 E meets the required Volatile Organic Content (VOC) limits for South Coast Air Quality Management District (SCAQMD) Rule 1113, Architectural Coatings, effective January 1, 2004, and can contribute to the earning of LEED credits in IEQ 4.2 and 4.3.

Cure & Seal 1200 E..... 40 g/l VOC

**ADDITIONAL LEED CREDIT CATEGORIES**

This product may also contribute to the acquisition of additional LEED credits beyond what is indicated here. Additional information regarding this, as well as Nox-Crete's commitment to building green and our support of the efforts of the U.S. Green Building Council, can be found by visiting our website at [www.nox-crete.com](http://www.nox-crete.com).

For additional technical support, please contact our Customer Service Department at (800) 669-2738.

Sincerely,

Michael A. Linn  
President
