AGAINST NATURE'S ELEMENTS**

**TOTAL PROTECTION. TOTAL CONFIDENCE.™**

**SEAL.**

**DEFEND.**

**BREATHE.**

## Thickness. Depth. Appeal.

Make an impact with DecoRidge® Hip & Ridge shingles. Get outstanding dimension and style plus trusted performance and durability. *DecoRidge* Hip & Ridge shingles offer:

**High profile**—Multi-layered; thick bull-nosed design offers a refined look.

**Durable construction**—Heavyweight laminate construction with SBS-modified asphalt is the key part of the exposure that won't crack—even in cold weather—offering high performance and flexibility.

**Pre-formed design**—Simple installation with no need for folding or bending during application.

**Exceptional performance**—110-MPH\* wind resistance with standard 2-nail application.

**Added protection**—Carries a warranty life that is based on the warranty coverage of the field shingle.\*

**Matching color palette**—Available in corresponding Owens Corning® shingle colors to ensure seamless color blends and brand consistency.

## See the difference for yourself.

*DecoRidge* Hip & Ridge offers curb appeal without sacrificing protection. *DecoRidge* Hip & Ridge shingles have the thickest profile available, offering more depth and dimension.

## TOTAL PROTECTION SIMPLIFIED™

It takes more than just shingles to protect your home. It takes

an integrated system of components and layers designed to withstand the forces of nature outside while controlling temperature and humidity inside. The Owens Corning® Total Protection Roofing System®^ gives you the assurance that all of your Owens Corning® roofing components are working together to help increase the performance of your roof — and to enhance the comfort and enjoyment of those who live beneath it.

- Exhaust Vents

\* See actual warranty for complete details, limitations and requirements.

† Owens Corning strives to accurately reproduce photographs of shingles. Due to manufacturing variances, the limitations of the printing process and the variations in natural lighting, actual shingle colors and granule blends may vary from the photo. The pitch of your roof can also impact how a shingle looks on your home. We suggest that you view a roofing display or several shingles to get a better idea of the actual color. To accurately judge your shingle and color choice, we recommend that you view it on an actual roof with a pitch similar to your own roof prior to making your final selection. Color availability subject to change without notice. Ask your professional roofing contractor for samples of colors available in your area.

^ Excludes non-Owens Corning® roofing products such as flashing, fasteners and wood decking.
