

Explore the Exterior Design Collections™

*Garden*®

Soft easy colors inspired by nature, rich architectural detail, and colorful accents that are as fanciful or simple as you like.

*Lodge*®

Earthy colors and simple, yet timeless, architectural accents that turn your home into a woodland retreat.

*AMERICANA*®

Simple colors and beautiful, but practical, design brought together to re-create the timelessness of small-town American life.

*Monticello*®

Historic home design and traditional colors that bring to life the beauty and grace of early American living.

*Tidewater*®

Casual, elegant design that brings in the lush colors of the coastal South that are the hallmarks of casual living.

Whether you're building or remodeling, designing your home's exterior is more than just picking out a roof or siding color. It's an opportunity to tell the world exactly who you are. But with so many different elements to consider and decisions to make, it's easy to get lost or even start losing interest.

Not to worry. At Owens Corning we've done the coordinating for you! We've developed five unique Exterior Design Collections with an eye toward good taste, smart architectural detail and fresh, yet timeless, color palettes. Each Collection features roofing shingle, siding, trim and stone combinations that will let you translate your lifestyle, plus the colors and design styles you love, into a beautiful exterior design.

Just choose one of the Exterior Design Collections to learn more about it and view its color palettes. You'll also see our best recommendations for window and decorative accessory styles to enhance your home's look.

# Garden®

Soft colors, pretty details and classic Victorian elegance are at the heart of the *Garden* Collection. Our inspiring color palettes, combined with fresh window designs and charming accessories, give you the tools you need to translate the lush beauty of a backyard garden into a beautiful exterior design.

Before you make a final decision...

Our web site strives to accurately represent the colors of the *Exterior Design Collections*, but it's important to remember that limitations in monitor and printer resolutions can affect color representation. We strongly recommend viewing actual products in the "real world" before you make any final decisions. You can also order our comprehensive Exterior Design System brochure that represents actual colors better than most monitors and/or printers. Owens Corning Preferred Contractors are also a helpful resource to view product samples.

**Lodge®**

Coming home means reconnecting - with yourself, your family and with nature. Whether you live in a sprawling suburb or a rural hideaway, the subtle, earthy look of the *Lodge* collection lets you bring the rich textures and colors of the deep woods and mountains to your home's exterior.
