

RIZERidge[®] Hip & Ridge Shingles

Added dimension plus outstanding protection.

RIZERidge[®] Hip & Ridge Shingles are a component of the Owens Corning[®] Total Protection Roofing System.^{TM^}

Gain curb appeal without losing performance.

Needing a new roof doesn't mean you have to give up style for function. With RIZERidge® Hip & Ridge shingles, you get trusted performance and durability plus high-dimension hips and ridges that look as good as they protect. *RIZERidge* Hip & Ridge shingles offer:

Higher profile—Multi-layered dimension and a more uniform ridgeline achieve a polished, more finished look.

- Superior wind performance—Self-sealing Tru-Bond® sealant provides wind resistance warranty up to 130 MPH* compared to cut-tab shingles.

Added protection—Carries a warranty life based on the Owens Corning® shingles installed and also qualifies for an extended warranty.*

Matching color palette—Coordinates with Owens Corning® shingle colors to ensure a perfect match and a consistent look - including unique TruDef® blends in select colors.

Foldable design—Eliminates the need for cutting, allowing for quick installation and a uniform look.

- Algae resistance—Specially formulated to resist staining and retard algae growth.

■ Only Owens Corning Roofing offers these unique features.

See the difference for yourself.

RIZERidge Hip & Ridge shingles offer a stylish higher profile and more consistent look compared to cut-tab shingles.

RIZERidge® Hip & Ridge Shingles

Cut-tab shingles

RIZERidge Hip & Ridge shingles add depth and dimension yet install easily—so you can start enjoying your new roof faster.

The most important part of the roof? All of them.

It takes more than just shingles to protect your home. It takes an integrated system of components and layers designed to withstand the forces of nature outside while controlling temperature and humidity inside. The Owens Corning® Total Protection Roofing System™^ gives you the assurance that all of your Owens Corning® roofing components are working together to help increase the performance of your roof — and to enhance the comfort and enjoyment of those who live beneath it.

^ Excludes non-Owens Corning® Roofing Products such as flashing, fasteners and wood decking.

* See actual warranty for complete details, limitations and requirements.

** Available in both traditional and unique TruDefinition® blend to coordinate with TruDefinition® Duration® Shingles

International Code Council Evaluation Services Acceptance Criteria for Alternative Asphalt Shingles.

Underwriters Laboratories Evaluation Service Evaluation Report.

† Owens Corning strives to accurately reproduce photographs of shingles. Due to manufacturing variances, the limitations of the printing process and the variations in natural lighting, actual shingle colors and granule blends may vary from the photo. The pitch of your roof can also impact how a shingle looks on your home. We suggest that you view a roofing display or several shingles to get a better idea of the actual color. To accurately judge your shingle and color choice, we recommend that you view it on an actual roof with a pitch similar to your own roof prior to making your final selection. Color availability subject to change without notice. Ask your professional roofing contractor for samples of colors available in your area.

Color Availability

Completing the look of any roof.

RIZERidge® Hip & Ridge shingles also coordinate with the TruDefinition® Duration® Designer Colors Collection—this unique color-blended application is only available from Owens Corning Roofing.
