

2" x 2" Cornerite

2" x 2" Corner Rite is designed for strengthening inside corners. This Phillips product is best for finishing inside corners prone to cracking thereby reducing call backs. Phillips Corner Rite is run at 100° and locks in so it will form to the inside corner making a strong, straight, more durable corner. This product works great for reinforcing wall to ceiling corners and other inside corner areas on any stucco job noted for cracking.

Product Data and Ordering Information

Material: Hot-dipped galvanized
Part Number: CR2HDG

Sheet Size	Pieces per Carton	Cartons per Pallet	No Bundles
2" x 97"	75	20
