

3/8" J-Weep

J-Weep is a versatile product used in several applications. Commonly used as a casing bead or plaster stop in stucco. The punched weep holes allow for usage as a sill weep screed in exterior stucco applications. Perforated flanges aid attachment and plaster keying and the 3-1/2" nailing flange meet applicable code requirements. (3/4" special order, minimum quantities may apply.)

Product Data and Ordering Information

Material: .018 min thickness, galvanized steel
Part Numbers: JW3HDG

Length	Pieces Per Carton	Cartons Per Pallet	Feet Per Carton
10'	10	50	100
