

## ShadowFree® Corner Bead

Exclusive ShadowFree® metal drywall corner beads provide lasting corner protection to exposed drywall edges. Color primed surface cuts finishing time as well as adding texture to the already deeply knurled mud anchors on flanges for excellent mud adhesion. Available in square, splay (off-angle), bullnose and bullnose splay. Bullnose profiles provide smooth, rounded finishes and are available in both 3/4" and 1-1/2" radiuses.
