

gripSTIK® 3/4" 2-Way Splay Corner Cap

gripSTIK® 3/4" 2-Way Splay Corner Cap is designed to easily finish where two 90° outside bullnose corners intersect at angles greater than 90° or open angles. This product works great to corner cap windows, closets, doorways, skylights and other areas. Corner caps eliminate the need for mitering and corner filling, saving time and reducing waste. Alignment tabs make it easy to match with Phillips metal, vinyl or paper faced metal bullnose corner beads. Perforated to enhance mud adhesion. Won't rust and impact resistant.

Product Data and Ordering Information

Material: Molded copolymer; contains no asbestos
Part Numbers: CAP235
Packaging: 50 pieces per carton

All Phillips products are made in the U.S.A.

ASTM and Code Standards

Phillips gripSTIK® 3/4" 2-Way Splay Corner Cap meets or exceeds the following ASTM Standards:
