

gripSTIK® 1-1/2" Tabbed Transition Cap

gripSTIK® 1-1/2" Tabbed Transition Cap is designed to eliminate gaps between bullnose corner bead and baseboard or crown molding by transitioning bullnose corners to 90° corners. An alignment tab makes this product quick and easy to install using standard industry practice and can be used with Phillips metal, vinyl or paper faced corner beads. Perforated to enhance mud adhesion. Won't rust and impact resistant.

Product Data and Ordering Information

Material: Molded copolymer; contains no asbestos
Part Numbers: TRN8790
Packaging: 50 pieces per carton

Also available in in 3/4" overlap

All Phillips products are made in the U.S.A.

ASTM and Code Standards

Phillips gripSTIK® 1-1/2" Tabbed Transition Cap meets or exceeds the following ASTM Standards:
