

VINYL CORNER BEADS

PART NUMBER: CBRVYL

VINYL CORNER BEAD

Phillips gripSTIK® corner bead provides a rigid protection for the exposed edges of wallboard. This easy-to-install 90° corner support can be nailed, stapled or installed with Phillips gripSTIK® multipurpose high-tack web-based spray adhesive (see page 20 for product details). Flanges feature many perforations and deeply knurled mud anchors for excellent joint compound adhesion. The entire product is specially textured to enhance paint and mud adhesion. The standard flange length for this product is 1-1/4".

EXTRA WIDE VINYL CORNER BEAD

Phillips gripSTIK® extra wide corner bead provides rigid protection for the exposed edges of wallboard. This easy to install 90° corner support can be nailed, stapled or installed along with a high-tack multipurpose spray adhesive (try Phillips gripSTIK® multi-purpose high-tack, web-based spray adhesive). Flanges feature many perforations and deeply knurled mud anchors for excellent joint compound adhesion. The extra wide flange length of 1-7/8" is ideal for those times a longer flange is needed or desired. All Phillips gripSTIK® vinyl beads and trims work great for both drywall and interior veneer applications.

SPLAY CORNER BEAD

Phillips gripSTIK® splay bead offers a flush fit on a variety of open angle applications exceeding 120°, making this a very versatile product. Easily install using standard industry practice with nails, staples or multipurpose high-tack web-based spray adhesive (see page 20 for product details). Flanges feature many perforations and deeply knurled mud anchors for excellent joint compound adhesion. The entire product is specially textured to enhance paint and mud adhesion. The standard flange length for this product is 1-1/4".

MAX-Flex® ARCHWAY

Phillips gripSTIK® MAX-Flex® archway bead is designed for maximum flexibility as our unique design allows it to conform to almost any radius. Phillips unique MAX-Flex® cut features "Y" shaped slits on the notched flange allowing for superior flexibility without kinking. This product features many perforations, deeply knurled mud anchors and the entire product is specially textured which all greatly enhance paint and mud adhesion. The standard flange length for this product is 1-1/4". Phillips gripSTIK® multipurpose web-based spray adhesive eases installation (see page 20 for details).
