#### Concrete Brick Cleaner

Recommended by major concrete brick manufacturers, Sure Klean® Concrete Brick Cleaner gets excess mortar, dirt and other common construction soiling OFF concrete brick buildings quickly and safely. It's made for the job; why take a chance on something that isn't?

- First cleaner made specifically for concrete brick.
- Dissolves excess mortar and other common job-site soiling.
- Recommended by major concrete brick manufacturers.\*
- Safe for most colored mortars.

\*See <http://www.prosoco.com/Masonry Mfg.'s suggestions/participating manufacturers>

## ● Protects

### ➤ SURE-KLEAN ➤

#### Weather Seal

#### Siloxane WB Concentrate (water based)

Weather and water can take a terrible toll on concrete brick—but those bullets just bounce off when Siloxane WB Concentrate is on the job. The 10-year-plus service life doesn't hurt either! Tested and proven on concrete brick.

- Concentrated for economy of storage & transport.
- Water-based. Low odor. Easy application.
- Breathable—lets water vapor out, but won't let liquid water in.
- Penetrating—won't change masonry appearance.
