

# ECOMAXCI® FR (REPLACES TSX-8500)

## AGRICULTURAL, FARM, STORAGE BUILDINGS & OTHER LIGHT COMMERCIAL STRUCTURE APPLICATIONS

Rmax ECOMAXci® FR may be used as an exposed, finished, continuous insulation (ci) system in agricultural, farm, storage buildings and other light commercial structures. It may be secured directly to the wood or metal framing members, or use Rmax PVC insulation clips for an easy yet clean, professional installation.

Refer to ECOMAXci® FR Product Data Sheet for additional application/installation, compliances, thermal and physical properties, limitations and warnings.

### WARRANTY

See Rmax® sales policy and limited warranties for terms and conditions. Rmax® does not assume any responsibility or liability for the performance of any products other than those manufactured by Rmax®. **NOTE: Factory packaging should not be relied upon as protection at job sites or other outdoor storage locations. When short-term outdoor storage is necessary, take the following precautions: Store flat above ground on raised pallets, place bundles on finished surfaces, cover with a breathable tarpaulin and secure cover to prevent wind displacement.**
