

# Thermasheath®-XP: Insulation for Exposed Use

## Shed or Other Light Storage Structure Applications

Thermasheath®-XP may be used as an exposed, finished, continuous insulation (ci) system in sheds and other light storage structures. It may be secured directly to the wood or metal framing.

Refer to Thermasheath®-XP data sheet for additional application/installation, compliances, thermal and physical properties, limitations and warnings.

*Warranty: See Rmax "Sales Policy" and "Fifteen Year Limited Thermal Warranty" for terms and conditions. Rmax does not assume any responsibility or liability for the performance of any products other than those manufactured by Rmax. **NOTE: All Rmax products must be tarped, placed on skids and kept dry before and throughout construction.***
