10 Year Material

7 Year Material

7 Year Material

5 Year Material

3 Year Material

3 Year Material

Note

BASF Wall Systems is an operating unit of BASF Corporation (herein referred to as "BASF Wall Systems")

Residential Policy

Apply wall systems in accordance with local building codes in force at the time of construction. On one and two-family residential framed construction, BASF Wall Systems requires that the wall system selected be one that includes provisions for moisture drainage. Please view the Senergy Residential Policy Bulletin on the Senergy website for a more detailed discussion of this topic.

Disclaimer

This information and all further technical advice are based on BASF Wall Systems' present knowledge and experience. However, BASF assumes no liability for providing such information and advice including the extent to which such information and advice may relate to existing third party intellectual property rights, especially patent rights. In particular, BASF Wall Systems disclaims any and all CONDITIONS AND WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE OR MERCHANTABILITY. BASF WALL SYSTEMS SHALL NOT BE RESPONSIBLE FOR CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES (INCLUDING LOSS OF PROFITS) OF ANY KIND. BASF Wall Systems reserves the right to make any changes according to technological progress or further developments. It is the customer's responsibility and obligation to carefully inspect and test any incoming goods. Performance of the product(s) described herein should be verified by testing and carried out only by qualified experts. It is the sole responsibility of the customer to carry out and arrange for any such testing. WARRANTY NOTES

1. Contact the BASF Wall Systems Technical Service Department for information concerning applicator requirements for approval.
2. A Warranty Notification Form must be submitted to the BASF Wall Systems Technical Service Department for the project prior to issuance of the warranty.
3. Obtain warranty approval from the BASF Wall Systems Technical Service Department prior to bidding project. Project specifications and/or plans may be required for review by the BASF Wall Systems Technical Service Department prior to approval of warranty.
4. Other warranties may be offered to meet a specific project specification. Consult the BASF Wall Systems Technical Service Department prior to start of project if a special warranty is required.
5. Sample warranties are available upon request.
