

LOXON[®]

40% Silane Water Repellants

PROTECT concrete and masonry
from chloride and moisture.

LASTING, BREATHABLE PROTECTION FROM NATURE'S DESTRUCTIVE FORCES.

Loxon® clear 40% Silane Water Repellants defend masonry and concrete against chloride attack and wind-driven rain. Engineered for large commercial projects, these easy-to-apply water repellants penetrate the surface for maximum protection. With minimal prep and cleanup, Loxon delivers a transparent,

no-sheen finish for a natural, uncoated look, without marring glass or metal flashing. Loxon 40% Silane Vertical Water Repellants offer a premium, high-performance transparent coating that seals out moisture and chloride ion intrusion. Available in a formula that complies with OTC and CARB (2000) VOC content regulations.

Loxon 40% Silane Water Repellants Key Benefits

- | | |
