

LOXON[®]

Acrylic Conditioner

PENETRATES AND SEALS interior and exterior vertical masonry and concrete surfaces.

GREAT ADHESION TO EVEN THE MOST CHALLENGING CONCRETE AND MASONRY SURFACES.

Loxon® Acrylic Conditioner has long set the standard for preparing interior and exterior concrete, stucco and masonry surfaces. We're proud to bring you a patented acrylic emulsion formula with excellent resistance to efflorescence and alkali tolerance. Whether you're stabilizing older substrates before repainting or protecting new concrete and

masonry surfaces, Loxon Acrylic Conditioner penetrates deeply and bonds tightly to eliminate delamination and adhesion issues so you can paint with confidence. Loxon Acrylic Conditioner meets the most stringent VOC regulations and is fast drying and compatible with a wide variety of acrylic topcoats for long-term adhesion and beauty.

Loxon Acrylic Conditioner Key Benefits

<ul style="list-style-type: none"> • Outstanding alkali and excellent efflorescence resistance. 	<ul style="list-style-type: none"> • 100% acrylic emulsion conditioner that will penetrate and seal interior and exterior surfaces and bond light chalk to the surface.
<ul style="list-style-type: none"> • Allows new concrete, stucco and other cementitious surfaces to be coated prior to a 30-day cure. 	<ul style="list-style-type: none"> • Low film build applies easily with brush, roller or spray for deep penetration and tight bonding.
<ul style="list-style-type: none"> • Great adhesion on new or existing concrete and masonry with a pH of 6 to 13. 	<ul style="list-style-type: none"> • Available in Clear and in White to guide application on bare masonry to better see where it has been applied.
