

PRODUCT DATA SHEET

Sika® Film

Finishing Aid & Evaporation Control

PRODUCT DESCRIPTION

Sika® Film retards moisture evaporation from the concrete surface and acts as a finishing aid for concrete flatwork.

USES

Sika® Film is recommended for use in all applications where a superior finish is required on concrete flatwork. Sika® Film protects concrete from the effects of excessive moisture loss in rapid drying conditions.

CHARACTERISTICS / ADVANTAGES

- Sika® Film eliminates the need to add water to low slump concrete, or sprinkle water on the concrete surface to aid in finishing.
- When applied to fresh concrete Sika® Film is an excellent finishing aid for extra smooth and durable concrete floors.
- Prevents plastic shrinkage cracking caused by evaporation in low humidity conditions such as heat and high winds.
- Aids in finishing concrete that produces little or no bleed water, such as microsilica mixes or mixes with air entrainment.

PRODUCT INFORMATION

Packaging	Sika® Film is available in 5 gallons pails, 55 gallon drums and 275 gallon totes
Appearance / Color	Orange liquid
Shelf Life	Shelf-life in original unopened packaging is two years when stored in dry warehouse conditions between 50°F and 80°F (10°C - 27°C).
Storage Conditions	Sika® Film should be stored at above 40°F (5°C).

APPLICATION INFORMATION

Coverage	When diluted at a ratio of one to eight, one gallon of Sika® Film will yield nine gallons of sprayable material. The total diluted material will cover an area of approximately 1600 - 3200 ft² (150 - 300 m²). Dosage rates outside the recommended range may be used when project conditions require special consideration. In this case please contact your local Sika® representative or Sika® technical service department at 1-800-933-7452 for further information.

APPLICATION INSTRUCTIONS

APPLICATION

Thoroughly mix one part Sika® Film with eight parts water by volume. Apply the diluted Sika® Film solution with a fine mist sprayer as soon as possible after screeding. Use during and after bull floating and trowelling operations.

BASIS OF PRODUCT DATA

Results may differ based upon statistical variations depending upon mixing methods and equipment, temperature, application methods, test methods, actual site conditions and curing conditions.

OTHER RESTRICTIONS

See Legal Disclaimer.

ENVIRONMENTAL, HEALTH AND SAFETY

For further information and advice regarding transportation, handling, storage and disposal of chemical products, user should refer to the actual Safety Data Sheets containing physical, environmental, toxicological and other safety related data. User must read the current actual Safety Data Sheets before using any products. In case of an emergency, call CHEMTREC at 1-800-424-9300, International 703-527-3887.
