Sikaflex® TX 1 TEXTURED POLYURETHANE SEALANT

BUILDING TRUST

Sikaflex® TX 1 TEXTURED POLYURETHANE SEALANT

SIKAFLEX TX 1 IS A TEXTURED POLYURETHANE

PERFORMANCE PRODUCT. Its durable, non-sag characteristics make it ideal for blending into the surfaces of various structures. Sikaflex TX 1 is designed to be easy to gun and tool.

It adheres to both porous and non-porous substrates, including difficult architectural coatings on metal roofing and window components. Sikaflex TX 1's texture is engineered to blend in with the look of masonry concrete, CMU, brick and rough-cut stone.

It provides the appearance of mortar without the age-hardening associated with older textured polyurethanes. Sikaflex TX 1 combines a quality textured aesthetic and performance in an easy-to-tool polyurethane product.

STANDARD COLORS

- White
- Limestone
- Natural Stone
- Aluminum Gray
- Stone
- Special Bronze
- Black

APPLICATIONS

- Interior and exterior
- Above and below grade
- Immersed in water
- Expansion joints
- Panel walls
- Precast units
- Window frames
- Roofing
- Fascia
- Parapets
- Vinyl siding
- Store front assemblies

SUBSTRATES

- Concrete
- Masonry
- Aluminum
- Wood
- Clay & Concrete Roof Tiles
- Stucco
- Natural stone

FEATURES AND BENEFITS

- Easy to gun and tool for faster installation, even in cool conditions
- 7 standard colors to match most common substrates
- Flexible to keep moving joints weathertight
- Primerless to most substrates for quicker installation and lower cost
- Meets 2013 VOC requirements, avoiding compliance issues
- Textured appearance that is easy to finish and blends with most substrates
- Packaged in 300 ml cartridges
