

For Easier, Stronger, Safer Construction

Do your decks meet code?

A complete connector system for building safer, code-compliant decks

Choose the Right Level of Corrosion Protection
Visit strongtie.com/info for critical information.

NOTE: Illustration shows available deck products. Actual products selected will depend upon application or construction method used for a particular deck. Check local building codes before you begin a project. Some sections of deck are removed for product placement view.

Use ZMAX® coated or stainless-steel connectors in outdoor environments and to protect against corrosion from preservative-treated wood. Use **ONLY fasteners with a hot-dip galvanized (HDG) or double-barrier coating with ZMAX and post-HDG connectors. Use ONLY stainless-steel fasteners with stainless-steel connectors.** Visit strongtie.com/info for critical information.
