| Data of Loat Davision | 000-800-100-4086 (India) 800-099-0731 (Mexico) |
| Date of Last Revision: | January 3, 2018 |
| Date of Current Revision: | July 1, 2018 |

SECTION 2 – HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW: This product is an amber colored liquid with a characteristic hydrocarbon odor.

Health Hazards: May cause skin irritation.

Flammability Hazards: This product is not a flammable liquid with a flash point of >200°F (93°C). Reactivity Hazards: None.

<u>Environmental Hazards</u>: The environmental effects of this product have not been investigated, however release may cause long term adverse environmental effects.

Warning

2.1 EU Labeling and Classification:

This product meets the definition of a hazardous substance or preparation as defined by the European Union Council Directives 67/548/EEC, 1999/45/EC, 1272/2008/EC and subsequent Directives.

EU HAZARD CLASSIFICATION OF INGREDIENTS PER DIRECTIVE 1272/2008/EC: Index Number:

204-007-1 is not listed in Annex I

Substances not listed either individually or in group entries must be self classified.

Components Contributing to Classification: Oleic Acid 2.2 Label Elements:

EZ Clean & Release

Version 1

• If possible, prevent run-off water from entering storm drains, bodies of water, or other environmentally sensitive areas.

SECTION 6 – ACCIDENTAL RELEASE MEASURES (STEPS FOR SPILLS)

6.1 Personal Precautions, Protective Equipment and Emergency Procedures:

Use cautious judgment when cleaning up spill. Wear suitable protective clothing, gloves, and eye/face protection.

6.2 Environmental Precautions:

Construct a dike to prevent spreading. Keep out of sewers, storm drains, surface waters, and soils.

6.3 Spill and Leak Response:

Small Spills:

- Collect material via broom or mop. Place in tightly sealed containers for proper disposal.
- Approach spill areas with caution.
- If liquid was introduced, create a dike or trench to contain material.
- Soak up with absorbent material such as clay, sand or other suitable non-reactive material.

Large Spills:

- Place in leak-proof containers. Seal tightly for proper disposal.
- Dispose of in accordance with U.S. Federal, State, and local hazardous waste disposal regulations and those of Canada and its Provinces, those of Australia, Japan and EU Member States (see Section 13, Disposal Considerations).

SECTION 7 - HANDLING AND STORAGE

7.1 Precautions for Safe Handling:

EZ Clean & Release

Version 1

pg. 5

To prevent eye contact under the foreseeable conditions of use, wear appropriate safety eyewear. When handling, do not eat, drink, or smoke. Wash thoroughly after handling. Do not handle or store near heat, sparks, or flame.

7.2 Storage and Handling Practices:

Keep away from incompatible materials. Keep container closed when not in use and store in well ventilated area.

7.3 Specific Uses:

General purpose concrete build-up cleaner and reactive form release agent..

SECTION 8 - EXPOSURE CONTROLS / PERSONAL PROTECTION

8.1 Exposure Parameters:

| Ingredients | CAS No. | OSHA PEL | NIOSH PEL |
|-------------|----------|------------|------------|
| Oleic Acid | 112-80-1 | Not Listed | Not Listed |

8.2 Exposure Controls: Ventilation and Engineering Controls:

Use with adequate ventilation to ensure exposure levels are maintained below the limits provided above.

The following information on appropriate Personal Protective Equipment is provided to assist employers in complying with OSHA regulations found in 29 CFR Subpart I (beginning at 1910.132), or standards of EU member states (including EN 149 for respiratory PPE, and EN 166 for face/eye protection), and those of Japan. Please reference applicable regulations and standards for relevant details.

| Respiratory Protection: | Not required for properly ventilated areas. Maintain airborne contaminant concentrations below guidelines listed above, if applicable. If necessary, use only respiratory protection authorized in the U.S. Federal OSHA Respiratory Protection Standard (29 CFR 1910.134), equivalent U.S. State standards, Canadian CSA Standard Z94.4-93, the European Standard EN149, or EU member states. |
|-------------------------------------|---|
| Eye Protection: Hand Protection: | Safety glasses or goggles are required. If necessary, refer to U.S. OSHA 29 CFR 1910.133, Canadian Standards, and the European Standard EN166, Australian Standards, or relevant Japanese Standards. Chemical resistant gloves are required to prevent skin contact. If necessary, refer to U.S. OSHA 29 CFR 1910.138, the European Standard DIN EN 374, |

10.4 Conditions to Avoid:

EZ Clean & Release Version 1 pg. 6 the appropriate Standards of Canada, Australian Standards, or relevant Japanese Standards. **Body Protection:** Use body protect appropriate to task being performed. If necessary, refer to appropriate Standards of Canada, or appropriate standards of the EU, Australian Standards, or relevant Japanese Standards. If a hazard of injury to the feet exists due to falling objects, rolling objects, where objects may pierce the soles of the feet or where employee's feet may be exposed to electrical hazards, use foot protection, as described in U.S. OSHA 29 CFR 1910.136. SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES 9.1 Information on Basic Physical and Chemical Properties: Appearance (Physical State and Color): Amber colored liquid Odor: Characteristic hydrocarbon Odor Threshold: No data available **pH:** No data available Melting/Freezing Point: No data available **Boiling Point:** 519-680°F (310-360°C) Flash Point: >200°F (93°C) Evaporation Rate: No data available Flammability (Solid; Gas): Not applicable Upper/Lower Flammability or Explosion Limits: Not data available Vapor Pressure (mm Hg @ 20°C (68° F): No data available Vapor Density: Heavier than air Relative Density: No data available Specific Gravity: 0.89 Solubility in Water: less than .1% Weight per Gallon: No data available Partition Coefficient (n-octanol/water): No data available Auto-Ignition Temperature: No data available Decomposition Temperature: No data available Viscosity: No data available 9.2 Other Information: No data available SECTION 10 - STABILITY AND REACTIVITY 10.1 Reactivity: This product is not reactive. 10.2 Stability: Stable under conditions of normal storage and use. 10.3 Possibility of Hazardous Reactions: Will not occur.

Avoid excessive temperatures.

EZ Clean & Release Version 1 pg. 7 10.5 Incompatible Substances: Strong oxidizing agents. 10.6 Hazardous Decomposition Products: Carbon monoxide and dioxide smoke. SECTION 11 – TOXICOLOGY INFORMATION 11.1 Information on Toxicological Effects: Toxicity Data: 112-80-1 74,000 mg/kg Oleic Acid LD50 Oral – Rat **Suspected Cancer Agent:** Ingredients within this product are found on one or more of the following lists: FEDERAL OSHA Z LIST, NTP, IARC, or CAL/OSHA and therefore are considered to be cancer-causing agents by these agencies. Irritancy: Skin irritant. Sensitization to the Product: This product is not expected to cause skin sensitization. Germ Cell Mutagenicity: This product contains ingredients that are suspected to be a germ cell mutagenic. **Reproductive Toxicity:** This product is not expected to be a human reproductive toxicant. SECTION 12 – ECOLOGICAL INFORMATION 12.1 Toxicity: LC50 – Fathead Minnow 205 mg/l – 96h Oleic Acid 112-80-1 12.2 Persistence and Degradability: No specific data available on this product. 12.3 Bioaccumulative Potential: No specific data available on this product. 12.4 Mobility in Soil: No specific data available on this product. 12.5 Results of PBT and vPvB Assessment: No specific data available on this product. 12.6 Other Adverse Effects: No data available 12.7 Water Endangerment Class: At present, there are no ecotoxicological assessments for this product. **SECTION 13 – DISPOSAL CONSIDERATIONS** 13.1 Waste Treatment Methods: Waste disposal must be in accordance with appropriate U.S. Federal, State, and local regulations, those of Australia, EU Member States and Japan. Not determined 13.2 EU Waste Code: **SECTION 14 - TRANSPORTATION INFORMATION**

pg. 9

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the MSDS contains all of the information required by those regulations. **Canadian WHMIS Classification and Symbols:**

This product is Class B2, Flammable Liquid, and D2B, Materials causing other toxic effects, per WHMIS Controlled Product Regulations.

15.3 European Economic Community Information:

This product meets the definition of a hazardous substance or preparation as defined by the European Union Council Directives 67/548/EEC, 1999/45/EC, 1272/2008/EC and subsequent Directives. See Section 2 for Details.

Chemical Safety Assessment:

No Chemical Safety Assessment has been carried out for this substance/mixture by the supplier.

15.4 Australian Information for Product:

Components of this product are listed on the International Chemical Inventory list.

15.5 Japanese Information for Product:

Japanese Minister of International Trade and Industry (MITI) Status: The components of this product are not listed as Class I specified Chemical Substances, Class II Specified Chemical Substances, or Designated Chemical Substances by the Japanese MITI.

15.6 International Chemical Inventories:

Listing of the components on individual country Chemical Inventories is as follows:

Australian Inventory of Chemical Substances (AICS): Listed

Korean Existing Chemicals List (ECL): Listed

Japanese Existing National Inventory of Chemical Substances (ENCS): Listed Philippines Inventory if Chemicals and Chemical Substances (PICCS): Listed U.S. TSCA: Listed

SECTION 16 – OTHER INFORMATION

Prepared By: Chris Eigbrett (MSDS to GHS Compliance) Date of Printing: July 1, 2018

The information contained herein is believed to be accurate but is not warranted to be so. Data and calculations are based on information furnished by the manufacturer of the product and manufacturers of the components of the product. Users are advised to confirm in advance of the need that information is current, applicable and suited to the circumstances of use. This safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers. SpecChem assumes no responsibility for injury to vendee or third party person proximately caused by the material if reasonable safety procedures are not adhered to as stipulated in the data sheet. Furthermore, SpecChem assumes no responsibility for injury caused by abnormal use of this material even if reasonable safety procedures are followed. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user.
