

STRONG BOND

Acrylic bonding agent and admixture

An acrylic admixture and bonding agent designed to improve the adhesion and durability of concrete, masonry, stucco, terrazzo and Portland cement-sand mixes to horizontal and vertical concrete and other surfaces. May contribute to LEED credits.

✓ Benefits

- Improves the flexural strength, bond strength and impact resistance of mortars and concrete.
- Concrete and mortar fortified with STRONG BOND exhibit excellent resistance to cycles of freezing and thawing and to penetration of chloride ions.
- Minimizes cracks in concrete, stucco and plaster when used as an admixture
- Eliminates the need for separate air entraining agents
- VOC compliant

STRONG BOND

Usage

- Concrete
- Masonry
- Stucco
- Terazzo
- Portland cement/sand mixes

Packaging

- 55 gallon drums (208.2 L)
- 5 gallon pails (18.93 L)
- 1 gallon jugs (3.8 L) (4 to a case)
