

PLUMBING PLUG SOLUTION

FP Intumescent Firestop Plug

SpecSeal® FP Intumescent Firestop Plugs are easy to install, creating a robust seal against fire and smoke. Firestop Plugs are a great choice for sealing shower or tub drain penetrations in concrete floors. The compressible foam plugs are sized to fit 5 in (127 mm) diameter openings. Simply punch an opening through the foam to accommodate the drain pipe, and insert the foam plug to make bottom-side floor access firestopping easy!

Features & Benefits

- Testing in shower drain conditions with metallic and non-metallic piping
- Soft and easily compressed
- No expiration date
- Combines with other SpecSeal® Firestop Products
