## **Thermafiber® Insulation Products**

TEST PROCEDURES & CERITFICATION OF MATERIALS

 We certify that the following materials supplied by us meet, or were tested in accordance with, the following ASTM standards or specifications.

Product	ASTM Designation
Commercial Insulation	
FireSpan <sup>®</sup> 90 & FireSpan <sup>®</sup> 40 Curtain Wall Insulation Safing <sup>™</sup> Insulation RainBarrier <sup>®</sup> 45 & RainBarrier <sup>®</sup> HD Sound Attenuation Fire Blankets (SAFB <sup>™</sup> ) TopStop <sup>®</sup> Head-of-Wall Insulation SoundZero <sup>®</sup> VersaBoard <sup>®</sup> 35, 40, 60, & 80	C518, C553, C612, C665, E84, E136, E2307 C518, C553, C612, C665, E84, E136 C518, C553, C612, C665, E84, E136 C518, C553, C612, C665, E84, E136 C518, C533, C612, C662, E84, E136 C423, C518, C1338, C665, C1104, C1304, E84, G22 C665, C612, C1104, C356, E136, E96
UltraBatt™	C665, C1104, E136, E96
Industrial Insulation	
Industrial Blanket	C177, C411, C518, C553, C795, E84, E136
Industrial Board	C177, C411, C518, C553, C612, C795, E84, E136
Industrial Felts	C165, C177, C411, C518, C553, C612, C795, E84, E136
Metal Mesh Blankets	C177, C411, C518, C592, C612, C795, E84, E136
Industrial Bulk Wool	C177, C518, C764, E84, E136
K-FAC® SR	C165, C177, C356, C411, C518, C612, C795, E84
K-FAC® 19	C177, C612, E84

Note:Federal Specifications have been replaced by ASTM Standards. Federal Specification HH-I-521F has been replaced by ASTM C665. Federal Specification HH-I-558B has been replaced in part by ASTM C553. ASTM C553 does not apply to products classified as semi-rigid per ASTM C1101. Refer to product literature for specific classification types.
