These clips are quick and easy to install on any job site and can be shipped overnight to the job site or in conjunction with Thermafiber® insulation material.

Features

- Mechanically secures Thermafiber® RainBarrier® continuous insulation (ci) to exterior substrate
- Packaged in cartons of 250
- Available for overnight delivery and can also be top loaded on truckloads of Thermafiber® products and LTL shipments
- Quick and easy to install
- Compatible with various wall tie systems and hangers

Product Options

Available in cartons of 250.

Installation

Insulation is friction-fitted between the wall ties as shown.

After installing the insulation, secure with a RainBarrier® clip, utilizing the center notches to secure directly on the wire tie as shown. Repeat process with the next horizontal row of RainBarrier® insulation.

If using a flange or flat style hanger, installation of insulation is friction-fit between ties, forming a seam (a typical size is 16 inches on center). After installing the insulation, secure with RainBarrier® clip as shown.
