To Whom It May Concern:

RE: ExoAir Primer—Green Building Product Information (LEED v4.1 Information)

Tremco Incorporated is an organization that is committed to quality, our employees, and our environment. We are responsive to both internal and external customers, and we pledge to treat everyone with good stewardship and respect.

Tremco Incorporated certifies the following for ExoAir Primer:

Building Product Disclosure and Optimization:

ExoAir Primer is manufactured in Rockland, Massachusetts.

No single extracted material is used to produce the majority of this product.

Recycled content for ExoAir Primer is not available, and for the purposes of LEED reporting should be assumed to be zero.

Low Emitting Materials - VOC Content Information:

ExoAir Primer is an exterior applied adhesive primer with a VOC content of 236g/L equaling 13% as applied/mixed. This product is typically used as an exterior applied product, as such, it does apply to the Low Emitting Materials credit in LEED v4.1.

Green Chemistry:

Tremco Incorporated is dedicated to the environment and prides itself on making its products as sustainable as possible. We are pleased to report that this product is produced without any Red List chemicals. As such, it can be used to assist in finishing projects aimed towards achieving a Living Building Challenge certification.

Additional Information:

Air barrier systems, when properly installed, have been shown to reduce energy costs for HVAC by as much as 40% versus buildings without fully-adhered air barriers. Should you have any questions or require additional information, please do not hesitate to contact Technical Services or your local Tremco Field Representative.

Sincerely,

A handwritten signature in black ink, appearing to read 'Joe Kravetz', is written over a light blue horizontal line.
